FORWARD

JCFA is committed to working with students and their support systems to fulfill each of their goals. The procedures and policies in this handbook are designed to create an atmosphere conducive to students being and becoming the very best they can be.

MISSION STATEMENT & ORGANIZATION PURPOSE

JCFA's mission is to provide a learning environment that allows students to develop their potential; to prepare students for post-secondary education and/or the workforce; and to collaborate with community agencies, organizations, and institutions to meet students' needs.

STUDENT CREATED MISSION STATEMENT

JCFA's inaugural class created the following mission statement: JCFA's mission is to provide students an alternative path to earning a high school diploma in a safe and nurturing environment.

JCFA re-engages and re-connects students who have been unsuccessful in the traditional school system, increases the number of high school graduates, and guides students to post-secondary training, education, and workforce opportunities.

The academic philosophy of JCFA is:

- All students, especially at-risk students, are capable of excelling academically when given the supportive services they need to focus on their academic goals;
- Academic success should not be limited to what is taught in a classroom, but must encourage and include life experiences as well as hands-on learning to help develop the whole student;
- Relevance and rigor must exist in practice as well as in policy and should include academic ideas as well as personal practices;
- Education is not a point in time but a continued journey that requires access, support, and commitment; and
- Focus on individual needs and create success one student at a time.

EXPECTATIONS

JCFA's expectations are designed to support a culture of respect, and are shared by faculty, staff, students and Board of Governance members.

- Be kind
- Follow directions
- Be prepared for class/school
- Don't waste time/maximize learning opportunities
- Wear proper attire
- Maintain a clean environment
- Be open and honest and communicate your emotional, educational, & physical needs

NON-DISCRIMINATION POLICY

Services are provided and admissions/referrals are made without regard to race, color, religious creed, ancestry, gender, sexual orientation, disability, age, or national origin.

It is the policy of JCFA not to discriminate on the basis of race, color, national origin, age, religion, gender, sexual orientation or disability in the educational programs or activities which it operates as required by Title VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990.

SECTION I: ACADEMICS

JCFA works with students who have dropped out or are at risk of dropping out to help them earn their high school diploma in a safe and nurturing environment.

GRADING, CREDITS, AND GRADUATION

GRADING SCALE FOR REGULAR COURSES

GRADE	STANDARD	QUALITY POINTS
90-100	A	4.0
80-89	B	3.0
70-79	C	2.0
60-69	D	1.0
0-59	F	0.0

GRADING SCALE FOR ADVANCED PLACEMENT, INTERNATIONAL BACCALAUREATE, GIFTED AND DUAL ENROLLMENT COURSES

GRADE	STANDARD	QUALITY POINTS
90-100	A	5.0
80-89	B	4.0
70-79	C	3.0
60-69	D	1.0
0-59	F	0.0

Effective for high school graduates beginning with academic year (high school) 2017-2018, the TOPS Cumulative Grade Point Average will be calculated by dividing the total number of quality points earned on the courses used to complete the TOPS core curriculum by the total units earned to complete the TOPS core curriculum. Quality points equal the credit for the course multiplied by the value assigned to the letter grade. The quality points for courses used to complete the TOPS core curriculum, except for Advanced Placement, International Baccalaureate, Gifted and dual enrollment courses, shall be converted to a 4.00. The quality points for Advanced Placement, International Baccalaureate, and Gifted and Dual Enrollment courses used to complete the TOPS core curriculum shall be converted to a 5.00 scale. The point value of a course is determined by the state course code assigned to the credit on the transcript.

Students must score an average of 60% on each course's cumulative exams. Students who fail the cumulative exam(s) will not receive credit for the course. Grades will be calculated in the following manner:

- 30% Assessments
- 30% Class work
- 20% Work ethic
- 20% Final exam

State standardized test scores will count for 20% of the student's final grade in the following classes: English I, English II, Algebra I, Geometry, Biology, American History, and/or Civics. For students with an active IEP, the LEAP2025 score will count for 5% of the final grade. Credits earned culminating in a LEAP2025 assessment will be calculated using the policy above to determine 80% of the student's final overall course grade (95% for

students with active IEPs). The remaining 20% of the final overall grade (5% for students with active IEPs) will be determined by the LEAP2025 assessment outcome.

Final grades reported on transcripts shall be letter grades.

GRADE APPEALS

If a grade of any kind is to be appealed by a student and/or parent/guardian, it must be done within 15 school days of the issuance of that grade. Before meeting with the CAO, every effort must be made between the student and/or parent/guardian and the instructor to resolve the matter. If the matter is not resolved between the student and/or parent/guardian and the instructor, a conference will be held in which the student, parent/guardian, instructor and CAO will be present. The appeal will be heard by the CAO whose decision is final.

PRESCRIPTIVE TESTING

Prescriptive testing allows a student to test out of lessons or topics they have previously mastered. Prescriptive testing allows students to finish courses faster. All students enrolled in online courses may take advantage of Prescriptive testing where available. Prescriptive tests must be taken on campus in the classroom for that subject area.

GRADUATION

JCFA holds two graduation ceremonies per campus each year to celebrate students who have completed all requirements to earn a high school diploma. Students are eligible to participate in a graduation ceremony once ALL graduation requirements are completed. Exceptions may be granted in special circumstances by the CAO and Executive Director. When graduation dates are announced, the deadline for course completion to be eligible for participation will also be announced.

GRADUATION REQUIREMENTS

The information below is based upon guidelines contained in the Louisiana Administrative Code, Title 28 - Bulletin 741, the Louisiana Handbook for School Administrators.

THE TOPS UNIVERSITY DIPLOMA

For incoming freshmen in the 2014-2015 academic year through the 2023-2024 academic year completing the TOPS University Diploma, the minimum course requirements include 21 required units and 3 elective units for a total of 24 units. For incoming freshmen in the 2024-2025 academic year and beyond completing the TOPS University Diploma, the minimum course requirements include 21 required units and 3 elective units, 1 elective unit shall be Financial Literacy, for a total of 24 units.

THE JUMP START DIPLOMA

Incoming freshmen in the 2014-2015 academic year through the 2020-2021 academic year may elect to follow the Jump Start 1.0 diploma pathway. Incoming freshmen in the 2020-2021 academic year and beyond may elect to follow the Jump Start 2.0 diploma pathway. Both Jump Start 1.0 and 2.0 require a minimum of 23 credits including 14 required units, and 9 elective units following a specific Jump Start pathway. Jump Start students must also meet the credentialing and certification requirements of their chosen pathway.

April Dunn Act/Act 833

April Dunn Act/Act 833 establishes that IEP teams can determine alternative pathways for grade promotion and graduation for students with disabilities who have not passed standardized tests or met local requirements for promotion. April Dunn Act/Act 833 states that IEP teams can determine promotion criteria only if, in the school year immediately prior to each grade level in which the student would otherwise be required to demonstrate certain proficiency levels in order to advance to the next grade level, the student has not otherwise met the state and local requirements for promotion or has not otherwise met state established benchmarks on the required state assessments.

TAYLOR OPPORTUNITY PROGRAM FOR STUDENTS – TOPS SCHOLARSHIP

Louisiana's Taylor Opportunity Program for Students (TOPS) is a program of state scholarships for Louisiana residents who attend one of the Louisiana Public Colleges and Universities, schools that are part of the Louisiana Community and Technical College System, Louisiana approved Proprietary and Cosmetology Schools, or institutions that are part of the Louisiana Association of Independent Colleges and Universities.

Please visit the Louisiana Office of Student Financial Assistance's website at www.osfa.la.gov for a complete listing of the TOPS scholarship eligibility requirements.

Students are encouraged to work closely with the Student Success Coordinator or his/her designee to determine specific requirements for particular colleges and universities.

INDIVIDUAL GRADUATION PLAN (IGP) REQUIREMENT & CREDIT VERIFICATION FORMS (CVF)

Act 257 of the 2009 Louisiana Legislature indicated that by the end of the eighth grade, each student shall develop, with the input of his/her family, an Individual Graduation Plan (IGP). The purposes of the IGP document and related activities are as follows:

- Explore educational and career possibilities
- Make appropriate secondary/postsecondary decisions as part of an overall career plan
- Plan based on the student's talents and interests
- Consider graduation requirements relevant to the student's chosen area of concentration and postsecondary entrance requirements.

Each student, with the assistance of his/her parent/legal guardian and the Student Success Coordinator, shall be allowed to choose the high school curriculum framework and related graduation requirements that best meets his/her post-secondary goals. Each student's IGP shall include the recommended sequence of courses for successful completion of his/her chosen major that aligns with postsecondary education, training, and the workforce and shall be reviewed annually.

IGPs shall be sufficiently flexible to allow students to change their program of study, yet be sufficiently structured to ensure that a student will meet the high school graduation requirements for his/her chosen major and be qualified for admission to a postsecondary institution or to enter the workforce. Each student's IGP shall be signed by the student and his/her parent or other legal guardian.

CREDIT VERIFICATION

Upon enrollment in a course, the Student Success Coordinator will provide the instructor with a Course Completion Form (Blue Slip). This allows the instructor to verify the student's enrollment in his/her class.

Upon completion of a course, instructors will complete a Course Completion Form (Blue Slip) and will file the form with the Student Success Coordinator.

The Student Success Coordinator shall maintain a Credit Verification Form (CVF) for each student and may provide students with copies of the CVF as requested. The CVF may be used as an IGP in student guidance meetings.

TESTING & ASSESSMENTS

Students enrolled with JCFA must complete all necessary assessments required by the Louisiana Department of Education and/or the Board of Elementary and Secondary Education. In addition to these assessments, JCFA students will also participate in benchmark testing upon entering the school as well as periodically throughout their enrollment. The data collected through benchmark testing will also be used for curriculum preparation and academic remediation planning..

BENCHMARK ASSESSMENTS

Students are assessed during the enrollment process to determine functional reading and math levels. This assessment data is used to determine an individual student's need for remediation in fundamental areas. Students are re-assessed prior to graduation to chart growth in reading and math. Benchmark testing is required for students to remain in good standing.

HIGH STAKES TESTING FOR 9TH-12TH GRADE: LEAP 2025 & LEAPCONNECT

For incoming freshmen in the 2017-2018 academic year through the 2023-2024 academic year, students must complete LEAP 2025 assessments in the following courses: English I, English II, Algebra I, Geometry, Biology, and US History. Students must meet the following assessment requirements to be eligible to receive a standard diploma:

- a) students must pass one of the following: English I or English II, and
- b) students must pass one of the following: Algebra I or Geometry, and
- c) students must pass one of the following: Biology or US History.

For incoming freshmen in the 2024-2025 academic year and beyond, students must complete LEAP 2025 assessments in the following courses: English I, English II, Algebra I, Geometry, Biology, and Civics. Students must meet the following assessment requirements to be eligible to receive a standard diploma:

- a) students must pass one of the following: English I or English II, and
- b) students must pass one of the following: Algebra I or Geometry, and
- c) students must pass one of the following: Biology or Civics.

Regardless of 9th grade entry year, students are required to complete the LEAP 2025 assessment if enrolled in a course culminating in a LEAP test.

The LEAPConnect is an alternate assessment for students with significant cognitive disabilities who are enrolled in grades 3–8 and high school. It's an alternative to the standard LEAP assessment, and is aligned with the Louisiana Connectors (LCs) to measure student progress & proficiency. To be eligible to participate in the LEAPConnect assessments, an IEP team must verify that the student has a disability which significantly impacts cognitive functioning and meets the criteria outlined in Bulletin 1530.

Students who are in their third year in high school must complete a LEAP 2025 English (English I or English II) and a LEAP 2025 Math (Algebra or Geometry) test, or participate in the LEAPConnect assessments in English & Math if eligible. All students must test regardless of course enrollment, grade assignment, or program assignment.

ACT SERIES (ACT & WORKKEYS)

Students in 10th-12th grades will be given the opportunity to participate in the ACT to ensure students are on track to graduate from high school with the knowledge and skills to succeed in college and challenging 21st century careers. These tests assess student achievement in English, reading, math, and science. Students earn a score in each subject and a composite score which reflects all subjects.

Students in Louisiana who meet specific ACT score requirements may be eligible to receive the TOPS (Taylor Opportunity Program for Students) scholarship award, which provides financial assistance for postsecondary education.

ACT WorkKeys is a job skills assessment system that helps employers select, hire, train, develop, and retain a high-performance workforce. The series of tests measures foundational and soft skills and offers specialized assessments to target institutional needs. As part of ACT's Work Readiness System, ACT WorkKeys has helped high school students to build their skills and develop successful career pathways.

ENGLISH LANGUAGE PROFICIENCY TEST (ELPT)

Students who are learning English as a second language are assessed annually using the ELPT. The assessment measures proficiency in listening, speaking, reading, writing, and comprehending English. Test results are used to report progress and attainment of English proficiency for Limited English Proficiency students. Students identified as English Language Learners entering JCFA as their first public school in Louisiana will be given the English Language Proficiency Screener (ELPS) to determine ELL accommodations and placements.

ACADEMIC HONESTY

All students at JCFA are encouraged to work to their fullest potential and strive for excellence in their pursuit of knowledge. To that aim, students are expected to demonstrate academic honesty in the completion of all assignments and assessments; this requires that the work be the original of the student and appropriate credit be given to all sources used.

All members of the school community will accept responsibility for creating a positive school climate that supports and encourages the spirit of academic honesty:

The **STUDENT** will adhere to the spirit and letter of the policy in the completion of all tests, quizzes, exams, projects, reports, homework, and class assignments.

The **PARENT** or guardian will review the academic honesty policy and encourage the student to practice integrity throughout his or her academic career.

The **TEACHER** will make the students aware of the principles and consequences of the policy, refer to them on an ongoing basis, provide safeguards that will discourage cheating, make clear to the students the policy will be strictly enforced, and take disciplinary action in instances of dishonesty according to the process specified below.

The **ADMINISTRATOR** will promote the spirit of academic honesty across the campus, publicize the policy through the student handbooks and other means, take action when the code is violated, and enforce the consequences.

EXAMPLES & DEFINITIONS OF ACTS OF ACADEMIC DISHONESTY

Acts of academic dishonesty include, but are not limited to, the following:

- 1) Cheating – giving or receiving external help (oral, written, or electronic) on an examination, test, assignments, or quiz, or sharing notes without permission of the teacher.
- 2) Fabrication – inventing or falsifying data, a citation, or other authority in an academic assignment.
- 3) Forgery – the signing of another person's name on any school document.
- 4) Unauthorized Collaboration – a student and another person working together on an assignment when not directed to do so by the teacher. Examples include copying another student's work or allowing one's work to be copied, doing an assignment for another student, using another student's notes with or without the consent of the student, or giving/receiving information from tests previously given.

- 5) Plagiarism – representing another person’s words, ideas, or work as one’s own. Instances include, but are not limited to: (a) copying word-for-word or paraphrasing ideas from an article or book without documenting the source (b) cutting and pasting from the Internet without giving credit, (c) purchasing or borrowing a portion of or the entire research paper and passing it off as one’s own, and (d) allowing another student to copy or use one’s original writing, including homework.
- 6) Theft or Alteration of Materials – any stealing, concealment, or alteration of student or teacher instructional equipment or materials, including on-line data.
- 7) Artificial Intelligence (AI) & technology - the use of AI, outside technology, additional websites to complete any portion of an online or offline lesson when not directed to do so by the teacher.

CONSEQUENCES

Violations of the academic honesty policy may result in one or more of the following consequences:

- 1) Zero on the entire assignment
- 2) Behavior referral to the Chief Academic Officer up to and including a suspension
- 3) Modified educational services or curriculum delivery (for example, resetting lessons, units, or complete courses; removal of prescriptive exams and/or pre-quizzes)
- 4) Parental contact:
 - a) Phone call, and/or
 - b) Conference scheduled with the Chief Academic Officer and teacher/tutor
- 5) Record of incident becoming a permanent part of the student’s disciplinary record
- 6) Second offense may result in student being removed from program

STUDENTS WITH EXCEPTIONALITIES

It is the responsibility of JCFA to implement all federal and state regulations pertaining to the education of children with exceptionalities. Please refer to Regulations for Implementations of the Children with Exceptionalities Act (R.S. 17: 1941 et seq.) – Title 28 Part XLIII, Bulletin 1706, Subpart A - Regulations for Students with Disabilities, Louisiana Department of Education. Subpart B - Regulations for Gifted/Talented Students.

RESPONSE TO INTERVENTION ACADEMIC AND BEHAVIOR SYSTEMS

Response to Intervention (RtI) is a three-tiered approach used to identify students who may be struggling in school. It provides them with systematically applied strategies at varying levels of intervention. The goal of JCFA’s RtI program is to assist all students during their learning process by using instructional practices designed to improve student achievement. JCFA’s RtI program incorporates both academic and behavioral components. We understand the importance of monitoring and supporting students in both areas simultaneously; therefore, we have aligned our RtI program with our mission to support students in their success as we prepare them for college and/or the workforce in a safe and nurturing environment. Communication with a student’s support system regarding the student’s performance at school and supports provided is critical to a student’s success. With this in mind, the RtI program consists of three tiers, all of which incorporate communication with the student’s support system (parents, guardians, other relatives, probation officers, etc.) as well as community connections and partnerships.

TIER 1

Tier 1 strategies are in place to meet the needs of the great majority of students. These include the following elements:

- Web-based curriculum following standards approved by the Louisiana Department of Education and the Board of Elementary & Secondary Education
- Behavioral support systems
- Effective instruction by well-trained faculty and staff
- Small class sizes with low pupil to instructor ratio
- Student reviews

- Universal screening and progress monitoring
- PBIS rewards

In our daily educational practices, JCFA has small class sizes and a low pupil-to-instructor ratio. Classes are limited to 20-22 students per classroom. Each classroom is staffed with a teacher and may have up to one tutor. With a minimum of two academic supports in each classroom, students are able to receive one-on-one instruction while working independently through the web-based curriculum (Edgenuity). Differentiated instruction is incorporated through the online curriculum, one-on-one tutoring, small group remediation, and regular interventions.

Students who are in ninth grade and eleventh grade, as well as all new students, participate in biannual vision and hearing screenings during the fall and spring semesters. Screenings are conducted by the school nurse. Students who are not considered ninth graders, eleventh graders, and new students may participate in screenings if referred by the school nurse, teacher, administrator, or parent. By conducting these screenings, impairments that may hinder a student's learning can be identified and addressed.

Teachers monitor progress daily, weekly, and monthly using the web-based curriculum. Teachers also report on student progress weekly using school-created spreadsheets and processes. Students are offered additional time outside of regular school hours to work on courses to help with progress. Teachers and tutors monitor this additional class time to assist students with learning, offer additional one-on-one instruction, and provide interventions.

JCFA includes the entire student body in the campus-wide Positive Behavioral Interventions and Supports (PBIS) program. This program uses the approach of rewarding students with positive reinforcement. Students are able to earn PBIS incentives for various positive behaviors. JCFA also incorporates the bi-monthly student Work Ethic Rubric into the PBIS program by rewarding students who are displaying good work ethic scores as well as those who are showing improvement. Students are acknowledged and celebrated during the monthly Family Meetings (school assemblies).

During the New Student Orientation events, students and their support systems are informed of school expectations. Students are also encouraged to participate in goal-setting activities which lead to the creation of action plans for each student. Students then participate in 15- and 30-day reviews with a campus administrator. During these reviews, students are able to discuss progress, attendance, work ethic, and challenges. These reviews allow the school to intervene early during student enrollment to assist the student in experiencing success.

Each student may be assigned a member of the faculty or staff who will serve as that student's mentor. The mentor meets with the student individually and in small groups periodically to check on progress and provide personalized support to increase academic and positive behavior achievements.

TIER 2

Tier 2 strategies aim to serve students who are having difficulty working through the supports provided in Tier 1. In addition to continuing Tier 1 supports, Tier 2 targeted intervention strategies include the following:

- Individualized assessments by interventionists
- Referral to reading intervention
- Referral to math intervention
- Increased progress monitoring
- Behavioral and academic interventions

Tier 2 interventions will be specialized, structured, systemic, purposeful, and focused. Evidence-based instructional practices will be provided to students with similar needs. During this level of intervention, teachers and tutors may use additional resources and instructional methods that support the web-based curriculum. Instructors will individualize course content and assessments for students who are having difficulty with content.

These academic and behavioral interventions may provide more opportunities for students to process information and to practice the target skill. This intervention allows for content to be delivered in smaller segments by the teacher, tutor, or interventionist.

JCFA focuses on intensive remediation and intervention on this group of students. Students experience increased individual and small group work with tutors and teachers. These intensified individual and small-group remediation increases when preparing for high stakes testing. In this tier, students may also be placed in courses to supplement prior knowledge and learning deficits based on the reading and math portions of benchmark testing, ELPT scores, as well as other assessments.

By utilizing these methods, a student's progress may be monitored not only by the teacher but also the student's mentor and/or the Chief Academic Officer. This increased monitoring allows for targeted conversations with students to modify behavior which may be resulting in a lack of or lowered progress.

At this time, a student may be placed on a Performance Improvement Plan (PIP) with the support of the mentor and/or PIP Coach. The PIP is individualized according to student need and may be based on academic and/or behavioral interventions. A PIP challenges a student to take responsibility for his/her behavioral and academic success while providing him/her the support(s) to increase achievement. During the PIP writing process, students are encouraged to reflect on current practices and create goals to be reached during a set time. With the guidance of the mentor, the student creates an action plan to ensure understanding of the required modifications needed to reach the set goals.

TIER 3

In addition to continuing Tier 1 and 2 supports, Tier 3 strategies include the following:

- Research- and evidence-based interventions
- Intensive intervention based on individual need
- Behavioral support and intervention
- Skilled service providers
- Referral to special education
- Referral to Section 504

JCFA relies heavily on the services of an A/BIT to determine the academic support necessary to help students experience and achieve success. During this tier, we include the student's parents/guardians and community networks to ensure the student receives a quality education at his/her level of need. Progress continues to be monitored closely using both the web-based curriculum and in-house procedures. Through this monitoring, we are able to determine the accommodations and modifications necessary to assist the student. If necessary, students are recommended for evaluations and supported through the process to receive additional services.

SECTION 504 OF THE REHABILITATION ACT (1973)

Section 504 applies to students who do not qualify to receive special education services under Bulletin 1508 but are identified (based on 504 assessment) to receive individually planned accommodations and/or modifications in the regular education setting. The Individual Accommodation Plan (IAP) sets forth accommodations and/or modifications necessary for the regular education student to have equal access to the educational benefits of the school's program(s).

LIMITED ENGLISH PROFICIENCY

JCFA recognizes that the inability to speak and understand the English language limits the student's effective participation in educational programs. Students whose primary language are languages other than English shall be provided special assistance, in conformity with applicable Federal and State statutes and regulations.

Each student entering JCFA for the first time will complete the Home Language Survey during the enrollment process. Any student whose survey indicates a primary or home language other than English, who has not yet been provided with the state screening assessment, will be referred for the English Language Proficiency Screener (ELPS). Students will be screened in listening, speaking, reading, and writing. The ELPS screening will be conducted at the student's assigned campus.

If a student does not score proficient in English, the student's parent/guardian will receive a notification letter indicating the student's English Language Learner (ELL) status and asking for permission to provide the student English language support. If English language supports are accepted by the student or his/her parent/guardian, the student will be identified as an ELL until exiting the program per state guidance.

Parents shall be notified of their children's eligibility for the limited English proficiency program no later than thirty (30) days after the student's entrance into JCFA.

Written communications to parents shall be in a uniform format that is comprehensible to families and in a language the parents can understand.

Ref: Language Instruction for Limited English Proficient and Immigrant Students

HOMELESS STUDENTS

JCFA shall provide a free appropriate public education to any homeless child or youth within the jurisdiction of the enrolling school. For the purpose of this policy, the term *homeless* includes an individual who lacks a fixed, regular, or adequate residence; or has a primary nighttime residence in a shelter, an institution providing temporary residence for individuals intended to be institutionalized, or a public or private place not designated for, or ordinarily used as, a regular sleeping accommodation for human beings. The term does not include any individual imprisoned or adjudicated.

Homeless students requesting enrollment will be placed in school immediately, even if required registration documents are unavailable. School documents needed should be requested after the student has been enrolled. There will be no barriers to homeless children and youth entering school.

In addition to the above, JCFA shall:

- Maintain and have immediately available, any records ordinarily kept by the school of each homeless child or youth (immunization records, academic records, birth certificates, guardianship records, evaluations for special services or programs, etc.).
- Continue the education of homeless children or youth for the remainder of the academic year, or for the following academic year if the family becomes homeless between academic years.
- Provide services comparable to services offered to other students in the school of attendance, including transportation services, educational services for which the child or youth meets the eligibility criteria (Title I programs, special education, limited English proficiency) and programs in vocational education.
- Designate a homeless liaison to coordinate services and ensure that there are no barriers to the enrollment, transportation, attendance, and success in school for homeless children and youth.

FAMILY EDUCATION RIGHTS & PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Such students are heretofore referred to as "eligible students."

RECORDS RELEASE TO PARENTS (CUSTODIAL & NON-CUSTODIAL) AND LEGAL GUARDIANS

In accordance with FERPA, it is the policy of JCFA not to deny access to student educational records to any parent/legal guardian of a child unless it is stated in the court ruling granting custody that the non-custodial parent is not to have access to the child's educational records. In such cases, a copy of the papers should be on file at the school and the instructions of the court followed.

RECORDS RELEASE

Educational institutions shall not release educational records or personally identifiable information without the written consent of the parent/legal guardian or eligible student except to the individual school's authorized professional staff, and to other schools or school systems in which the student seeks or intends to enroll.

DIRECTORY INFORMATION

The term "directory information" means information contained in a student's education records that would not generally be considered harmful or an invasion of privacy if disclosed. The term includes, but is not limited to the student's name, address, telephone listing, electronic mail address, photograph, date and place of birth, major field of study, grade level, enrollment status, participation in officially recognized sports and activities, weight and height of members of athletic teams, dates of attendance, degrees, honors and awards received, and the most recent previous educational agency or institution the student attended.

Any parent/legal guardian or eligible student wishing directory information to be withheld must sign a Directory Information Not to Be Released Form and submit it to the school within 30 days of enrollment for each student's information to be withheld.

EDUCATIONAL RECORDS: ACCESS/HEARING PROCEDURES

Educational records as defined by law are those records which are directly related to a student and are maintained by an educational agency or institution. Upon request, a parent/legal guardian or eligible student may inspect/review the student's educational records. Prior to the educational records being shown, the parent/legal guardian or eligible student must sign a release form. If the records contain information on more than one student, the reviewer may only inspect specific information about the one student.

The parent/legal guardian or eligible student has a right to a copy of the student's educational records within a reasonable period of time and there may be a charge for copies. The parent/legal guardian or eligible student may ask the school system to amend the student's educational records that contain information that is inaccurate, misleading, or in violation of the student's right to privacy. The request to amend the educational records must be made in writing and specify the changes to be made. The right to challenge the educational records is not a grade grievance mechanism and there is no right to a hearing for a grade dispute. Within a reasonable amount of time after receiving the request to amend the educational records, the CAO or his/her designee will decide whether to amend the educational records and will notify the parent/legal guardian or eligible student in writing of the decision.

If the decision is to not amend the educational records, a written notice will be sent informing the parent/legal guardian or eligible student of his/her right to a hearing. The parent/legal guardian or eligible student requesting a hearing may apply to the Executive Director and complete a Request for Hearing to Amend Records Form. The

parent/legal guardian or eligible student will be notified in writing of the date, time, and location of the hearing. The written notification will also state the rights of the parent/ legal guardian or eligible student to present evidence and be represented by an individual of their own choice, including an attorney paid for at their own expense. The results of the hearing will determine if the information is false or not false and the records will or will not be amended. If the decision is not to amend the educational records, the written decision will inform the parent/legal guardian or eligible student of their right to place a statement in the records commenting on the contested information or a statement why the parent/legal guardian or eligible student disagrees with the decision not to amend the records.

SECTION II: ATTENDANCE

JCFA expects that all students will attend school daily. Regular school attendance is important because students are more likely to experience academic success when they attend school consistently.

STATEMENT OF COMPLIANCE

Students who enroll at JCFA commit to do all of the following:

1. Attend school daily
2. Arrive at school on time every day
3. Demonstrate significant effort toward completing all courses
4. Follow school and classroom rules

Parents of students commit to do all of the following;

1. Ensure that your student attends school daily
2. Ensure that your student arrives at school on time each day
3. Ensure that your student completes all required courses
4. Attend all required parent and teacher or principal conferences

ATTENDANCE PROCEDURES

Students **MUST** enter through JCFA's designated front door and **MAY NOT** arrive on campus before 7:45 AM if participating in morning banking. Students not participating in morning banking may arrive once breakfast begins. Any student who arrives before breakfast begins must immediately report to the designated morning banking room, log in to Edgenuity, and begin working. Attendance will be taken at the beginning of each class period. Students arriving after the start of class must check in with the Attendance & Office Manager before going to class. The office will call to verify each absence. All students should have alternate contact numbers on file for someone who can be reached daily.

SIGN-IN AND SIGN-OUT PROCEDURES

All students must remain on campus once arriving unless released by proper school procedure outlined below. Students who leave campus without permission and/or without following the proper procedure may face disciplinary action by the CAO or his/her designated representative. Students who choose to leave campus without following proper procedure, then return to campus will be searched. Students who refuse to submit to a search will not be allowed to remain on campus and may be suspended.

If a student aged 18 years and older must leave campus prior to the designated end of the school day for any reason, he/she shall sign out with the Attendance & Officer Manager or front desk designee before leaving campus.

If a student under the age of 18 must leave campus prior to the designated end of the school day for any reason, he/she shall be signed out with the Attendance & Officer Manager or front desk designee by an individual listed on the Emergency Contact Form before leaving the campus. For cases in which a person not listed on the Emergency Contact Form is sent to pick up the student, the CAO or his/her designee shall verify the request by telephoning the parent/guardian. If the parent/guardian cannot be reached by telephone, the student will not be

released from school. All individuals must present photo identification prior to a student being released. Emancipated students do not need parental consent to sign out.

In some cases, it will be necessary to send a taxi/Uber for the student. The parent/guardian shall call the cab/Uber company to provide transportation. The parent/guardian shall give the school the name of the company and give verbal permission to release the child. The taxi/Uber driver shall sign the checkout book and list the number of his/her cab/Uber.

The parent/guardian may give the CAO or his/her designee oral or written permission allowing the student whatever transportation the parent/guardian authorizes.

It is the responsibility of the student to make up any academic time lost due to leaving campus prior to the designated end of the school day.

Students may not leave campus between morning banking and the start of the school day nor between the end of the designated school day and afternoon banking. Students who choose to leave campus between banking and the school day may not be allowed to return to campus without consenting to be searched.

BANKING TIME

Students will be allowed to bank time to be used in cases of illness or other situations. JCFA strongly encourages students to earn and maintain 15 class periods (one full week of class) of banked time to use in cases of emergencies. Morning banking takes place Monday-Friday while afternoon banking takes place Monday-Wednesday. Afternoon banking does not take place on school days immediately preceding a holiday.

In order to earn 1 banking credit, a student must work during banking time for 70 minutes (time must equal a regular class period). A half banking credit may be awarded for 35 minutes of work during banking time. Banking records, as well as all other attendance records, are kept for one academic year. Any additional academic time earned by a student in one academic year does not carry forward to the next academic year.

Students are expected to follow classroom expectations and rules during banking. Students who fail to meet those expectations and/or who cause a disturbance during banking may be sent home. Students who repeatedly cause disruptions during banking or who fail to meet other banking rules/expectations may face disciplinary action.

Banking periods are reflected in the daily schedule.

DESIGNATED DROP OFF/PICK UP

Parents dropping off or picking up students should use the designated drop-off area. Students should arrive on campus no earlier than 7:45am if participating in morning banking.

Students are to leave campus as quickly as possible after dismissal unless remaining for afternoon banking Monday-Wednesday or when required by a member of the faculty/staff/administration. After-school loitering is not permitted, and students MUST be picked up no later than 20 minutes after their last class dismisses or following banking time. Parents/students ignoring this policy must understand that JCFA will not allow students to remain on campus after this time.

COMPULSORY EDUCATION REQUIREMENTS & TRUANCY

The parent or legal guardian of a child who is age seven through eighteen and residing within the state of Louisiana shall send the child to a public or nonpublic school, unless the child graduates from high school prior to his/her eighteenth birthday. Any child below the age of seven who legally enrolls in school shall also be subject to compulsory attendance. The parent or legal guardian of a student shall enforce the attendance of the student at the school to which the student is assigned. Every parent, tutor or legal guardian is entitled to written notification from their student's school when that student has been excessively absent from school. Any student who is a juvenile and who is habitually absent from school or is habitually tardy shall be reported to the juvenile court of the parish or city as a truant child, pursuant to the provisions of Chapter 2 of Title VII of the Louisiana Children's Code relative to families in need of services, there to be dealt with in such manner as the court may determine, either by placing the truant in a home or in a public or private institution where school may be provided for the child, or otherwise.

The process for communicating with students and/or parents/guardians regarding absences and truancy shall be as follows:

- 1) When no valid reason is found for a student's unexcused absences, the CAO or his/her designee shall make outreach efforts to contact the student and/or the student's parents/guardians. Each outreach attempt shall be documented.
 - a) The CAO or his/her designee may conduct a counseling session or conference at the school with the student's parent/legal guardian related to school attendance. The school CAO or his/her designee will notify the student's parent/legal guardian in writing or by telephone of the conference.
 - b) The willful failure of the child's parent/legal guardian to attend a meeting or conference with the CAO or his/her designee to discuss the child's repeated truancy may be grounds for a Family in Need of Services Complaint.
- 2) When no valid reason is found for a student's continued excessive unexcused absences, the parent/legal guardian will be given written notice requiring the student's attendance in school within three (3) days from the date of notice. The willful failure of the child's parent/legal guardian to attend a meeting or conference with the CAO or his/her designee to discuss the child's repeated truancy may be grounds for a Family in Need of Services Complaint.

A student shall be considered habitually absent or habitually tardy when either condition continues to exist after all reasonable efforts by any school personnel, truancy officer, or other law enforcement personnel have failed to correct the condition after the fifth unexcused absence or fifth unexcused occurrence of being tardy within any school semester.

The CAO or his/her designee will make a Families in Need of Services (FINS) referral to Juvenile Court when the school has established that a student is truant or has willfully and repeatedly violated lawful school rules. Until a student transfers to another school or is declared truant by a local court, the student will continue to be enrolled in the school.

Students who have reached the age of majority who have excessive absences may be removed from JCFA.

Louisiana Rev. Stat. 17:221*

TARDIES

Punctuality is essential to a student's success. Students who arrive on campus after the start of 1st period MUST check in with the front office. If a student is tardy, they will be subject to the following disciplinary actions:

- 1st Offense: Warning
- 2nd Offense: Letter and Phone Call Home
- 3rd Offense: Student suspended and Parent/Guardian Meeting

*Tardiness will be evaluated on a monthly basis.

Students sent home for any reason will be considered suspended, except in the case of extenuating circumstances as determined by the CAO or his/her designee.

Students who exhibit a habit of being tardy may be placed on a Performance Improvement Plan (PIP) or referred to FINS. Failure to comply with the PIP may result in removal from the program.

TYPES OF ABSENCES AND ATTENDANCE

The days absent for elementary and secondary school students shall include excused absences, unexcused absences, and suspensions/expulsion. Each of the following types of absences:

- 1) Excused Absences - absences which are not considered for purposes of truancy, including absences incurred due to extenuating circumstances in accordance with §1103. of this Chapter. and which are not considered when determining whether or not a student is eligible to make up work and tests, receive credit for work completed, and receive credit for a course and/or school year completed. Student absences covered from previously "banked" time will be considered "exempted excused."
- 2) Unexcused Absences - any absence not meeting the requirements set forth in the excused absence definition, including but not limited to absences due to any job (including agriculture and domestic services, even in their own homes or for their parents/guardians/families) unless it is part of an approved instructional program. Students shall be given failing grades in those days missed and shall not be given an opportunity to make up work. Absences in this category will count against a student's attendance.
- 3) Suspension/Expulsion - a non-exempted absence in which a student is allowed to make up his/her work and is eligible for consideration for credit provided it is completed satisfactorily and in a timely manner. The absence is considered when determining whether or not a student may or may not be promoted, but is not considered for purposes of truancy. Students absent from school as a result of any suspension shall be counted as absent. Absence in which a student is not in attendance in the regular instructional setting due to disciplinary actions imposed by the school. The absence is not considered for purposes of truancy unless the student was assigned to an alternative site and is not in attendance at the assigned alternative site.
- 4) A student who is absent, including a suspended student, shall be allowed to submit missed assignments and tests and shall be eligible to receive the same academic credit and grades originally available when work is completed satisfactorily and in a timely manner.
- 5) Daily attendance shall be taken in accordance with R.S. 17:232. Beginning with the 2024-2025 school year, student attendance shall be submitted daily to the LDOE, including the number of students in attendance, the number of students absent, and the truancy status of each student.

EXTENUATING CIRCUMSTANCES

Exceptions to the attendance regulation include the extenuating circumstances below that are verified by the CAO or his/her designee:

1. Extended personal physical or emotional illness as verified by a physician or nurse practitioner licensed in the state.

2. Extended hospital stay in which a student is absent as verified by a physician or dentist.
3. Extended recuperation from an accident in which a student is absent as verified by a physician, dentist, or nurse practitioner licensed in the state.

7. Visitation with a parent who is a member of the United States Armed Forces or National Guard of a state and such parent has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting. Excused absences in this situation shall not exceed five school days per school year.
8. Absences verified and approved by the CAO or his/her designee as stated below:

 - f. A student may be absent related to the student's mental health for up to three days in any school year, and such absences shall be excused when documentation/verification is submitted in accordance with the student handbook. The student shall be given the opportunity to make up missed work. Upon the return to school following the second day of mental health absence in any school year, the student shall be referred to the appropriate school support personnel for guidance in addressing the underlying issue, which may include referral to medical services outside of the school setting.
 - g. If a student is absent from school for 2 or more days within a 30-day period under a contract or employment arrangement to render artistic or creative services for compensation as set forth in the Child Performer Trust Act (R.S. 51:2131 et seq.) the employer shall employ a certified teacher, beginning on the second day of employment, to provide a minimum of three education instruction hours per day to the student pursuant to the lesson plans for the particular student as provided by the principal and teachers at the student's school. There must be a teacher to student ratio of one teacher for every 10 students.

DISEASES: COMMUNICABLE AND/OR CONTAGIOUS

It is the policy of JCFA that a student who is suspected of having a communicable and/or contagious disease will be excluded from school until a written statement from a private physician or the Department of Health and Human Resource (Health Department), certifies that he/she is free of the suspected disease or is capable of returning to continue his/her education.

HOMEBOUND

In order for a student to be considered for homebound instruction, the student, as a result of health care treatment, physical illness, accident, or the treatment thereof, must be temporarily unable to attend school for the provision of regular educational services. Such incapacitation shall require verification by a physician or mental health professional. A student is eligible for homebound services if all of the following criteria are met:

- 1) A student is absent for more than 10 (10) consecutive school days for a qualifying illness.
- 2) The student is free of infectious or communicable disease. If the student is not free of such diseases, other appropriate instructional arrangements must be made.
- 3) The parent/guardian signs a parental agreement concerning homebound or hospital policies and parental cooperation.

- 4) The student must obtain written documentation from a medical or mental health professional indicating that homebound services are required.

The homebound instruction program is a continuation of the regular school instructional program, designed to help the student return to school without falling behind in his/her progress. Students designated as homebound must complete an agreement with the CAO or his/her designee agreeing to minimum weekly online work and/or progress completed. In cases where the student is under the age of 18, the parent/guardian of the student must also sign the agreement.

MEDICAL/EXTENDED LEAVE

In the case of a medical or family circumstance requiring a student to miss more than five (5) consecutive days of school, the student may be temporarily withdrawn from the program, and may be readmitted upon verification of circumstance and documentation.

1) Medical Leave - If possible, the student should be placed into homebound services. If the student is deemed unable to perform educational responsibilities due to illness or temporary disability, the student may request a medical leave.

- a) For medical leave, documentation from the attending physician, dentist, or nurse practitioner licensed to practice in Louisiana must be presented with information regarding the diagnosis and timeline for treatment.
- b) During the student's medical leave, the student and/or the student's parent/guardian must submit monthly reports from the attending physician, dentist, or nurse practitioner certifying that the student continues to have a temporary disability/illness.
- c) To be eligible to return to school, the student must present documentation from the student's physician, dentist, or nurse practitioner licensed to practice in Louisiana indicating that the student's medical condition does not prohibit the student from returning to school, and stating the nature of any limitations related to school activities.

2) Extended Leave - In the case of family circumstances or non-academic barriers, the CAO, or his/her designee, may grant a student an extended leave of absence. During this time, the student will be withdrawn from the program. All necessary documentation must be completed prior to the approval of the extended leave, including a plan for estimated return to school. Due to the compulsory school attendance age, a student under the age of 18 may not be eligible for non-medical extended leave unless he/she is considered an emancipated youth. A student between the ages of seventeen (17) and eighteen (18) may be granted an extended leave from school with the written consent of the parent/legal guardian. A student who has reached the age of majority or a student who has been emancipated may apply for an Extended Leave for him/herself.

PREGNANT STUDENT PROCEDURES AND POLICIES

A pregnant student must submit to the school regular updates and reports from her physician, beginning in the fourth month, certifying her ability to continue functioning in school. If it is determined that the physical/emotional condition of the student precludes her attendance in the regular education program and the student is determined to be eligible for homebound instruction, the school may provide such services to her. Pregnant students are required to check in regularly with the school nurse, who will assess and certify their ability to continue functioning in school.

TEMPORARY DISABILITY POLICIES AND PROCEDURES

Before the student with a temporary disability returns to school, the student's parent/legal guardian must present an initial letter from the student's doctor licensed to practice in Louisiana indicating that the student's medical condition does not preclude the student from returning to school. The letter must state the nature of the student's disability, and the student's physical capabilities and limitations, including, but not limited to, physical activities, sitting in a computer lab or traditional classroom, and other school related activities.

During the period of the student's temporary disability, the student's parent/legal guardian must submit a monthly report from the student's doctor certifying that the student continues to have a temporary disability, and changes, if any, in the student's ability to function normally within the school environment. During the period of the student's temporary disability, the student may participate in homebound services or be placed on medical withdrawal.

CHRONIC DISABILITY PROCEDURES

Students with chronic physical disabilities and conditions must present written certification from their doctor(s) on an annual basis.

CONSENT TO WITHDRAW & TRANSFER PROCEDURE

A parent or legal guardian who withdraws a student under the age of eighteen (18) years must meet one of the requirements below to be in compliance with the compulsory attendance law:

1. A student, under 18 years of age, who withdraws from school prior to graduating from high school and who has been ruled truant by a court of competent jurisdiction can be ordered by the court to exercise one of the following options within 120 days of leaving school:
 - a. Re-enroll in school and make continual progress toward completing the requirements for high school graduation;
 - b. Enroll in a high school equivalency diploma program and make continual progress toward completing the requirements for earning such diploma;
 - c. Enlist in the Louisiana National Guard or a branch of the United States Armed Forces, with a commitment for at least two years of service, and earn a high school equivalency diploma during such service period.
2. If a student is under the age of 18, the parent or guardian may withdraw the student from high school if that student is accepted into a National Guard Youth Challenge Program in this state.
3. For a student who is under the age of 18 and enrolled in school beyond his/her sixteenth (16) birthday, the parent or legal guardian may request a waiver from the local superintendent for that student to exit school to enroll in an adult education program approved by the Louisiana Community and Technical College System (LCTCS).

To allow the school sufficient time to prepare for student withdrawals, a minimum of seventy-two (72) hours advance notice is required. The procedure for withdrawal or transfer is as follows:

1. Secure a completed Student Exit Form from the Student Success Coordinator
2. Student Exit Form must be signed by parent/guardian. For students moving out of state or out of the country, a handwritten notice of destination should be included on the Student Exit Form.
3. Chief Academic Officer must sign the Student Exit Form and may meet with the student and/or the parent/guardian.
4. The Student Success Coordinator will provide the student with necessary documents for transfer. In the case of a transfer, the new school must contact JCFA to request official records.

Louisiana Handbook for School Administrators, Bulletin 741, LA DOE*

SECTION III: CULTURE

JCFA seeks to create and maintain a culture of respect by faculty, staff, students and Board of Governance members.

NEW STUDENT REVIEWS

It is the policy of JCFA to prepare students for post-secondary education and the workforce. In order to better prepare students for transitions following high school, all new students will participate in 15 and 30-day reviews with a member of the administration. During these reviews, a student's course progress, attendance, work ethic rubrics, and discipline may be reviewed.

The purpose of these meetings is to provide students with the necessary guidance to be successful at JCFA. If it is determined that a student is failing to meet one or more of the expectations set forth by JCFA, a Performance Improvement Plan (PIP) may be designed for the student. Failure to comply with the PIP may result in removal from the program at the 30-day review or later.

FAMILY MEETINGS AND MENTOR MEETINGS

JCFA will hold regular Family Meetings and Mentor Meetings with the entire campus population. These assembly times will allow for announcements, updates, celebrations, and PBIS acknowledgments.

SCHOOL UNIFORMS & DRESS CODE POLICY

JCFA reserves the right to require standards of appropriate dress that are conducive to safety, orderly decorum, and that reflect positively on the school. These policies will be enforced at any time students are under school jurisdiction including off-campus activities.

GENERAL DRESS CODE RULES

The way a student dresses reflects his/her attitude toward school and class work. Students are expected to be neat, clean, and fully dressed in good taste at all times and in a manner that will not distract from the educational process. Students are expected to be responsible in their dress and grooming by avoiding extremes and manifesting self-discipline with regard to their appearance.

Clothing, tattoos, and any other items worn or displayed by students must not contain or symbolize obscenity, vulgarity, indecency nor should they advocate/advertise violence, alcohol, tobacco, and/or drug use, and may not be distracting to the learning environment. Any garment, hairstyle, adornment, jewelry, or appearance considered inappropriate by the administration will be prohibited. Clothing or adornment that is hazardous to the safety of the student is unacceptable.

EXCEPTIONS FOR RELIGIOUS OR MEDICAL REASONS

Requests for religious or medical exceptions to the dress code must be made to the CAO or his/her designee, who will explore the basis for the exception and determine if the exception is warranted. An individual requesting an exception bears the burden of demonstrating the following:

- Religious Exceptions Requested:
 - The individual has a legitimate religious belief that conflicts with the JCFA student dress code. The dress or grooming of the student is a documented expression of his or her religious belief.
 - The individual has a sincerely held belief that enforcement of the student dress code will have a coercive effect that will operate to prevent his or her exercise of those religious beliefs.
- Medical Exceptions Requested:
 - The individual has a legitimate medical condition that requires clothing that conflicts with the JCFA student dress code.
 - The medical condition is one that can be documented from a licensed physician.

Any student requesting an exception from the student uniform dress code for religious or medical reasons must produce documentation:

- Establishing the legitimate existence of the religion and evidence of the grooming or dress as rooted in religion and as necessary while in school.
- Establishing the medical condition as confirmed by a licensed physician.

JCFA may deny a request if, after review of the request, the requested exception poses a danger to the student requesting the exception or to any student attending the school. All requests for exception must be made prior to any actions that would otherwise be a violation of the student dress code.

PROCEDURE FOR FAILURE TO COMPLY WITH DRESS CODE POLICY

Students who fail to comply with the uniform policy may result in:

- Verbal warning
- Student conference with the principal,
- Phone call home
- Suspended and sent home
- Habitual violation of the dress code may result in a major discipline referral, suspension, and may be cause for removal from the program.

POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS (PBIS)

PBIS is the application of evidence-based strategies and systems to assist schools to increase academic performance, increase safety, decrease problem behavior, and establish a positive school culture. The PBIS process results in the creation of effective intervention plans that will reduce problem behaviors, teach new skills, and create support systems for the student. Schools will set behavioral expectations for students that will help to create a positive school culture. Some of the expectations for the student are to (1) attend school daily, (2) arrive at school on time, (3) complete all required assignments, (4) progress in coursework, and (5) follow school and classroom rules.

PBIS Incentives will be part of the Positive Behavior Intervention & Support (PBIS) program. Students may earn PBIS Incentives from any member of the faculty, staff, or administration through various actions and behaviors including, but not limited to positive student behavior, dress, courtesy, cooperation, helpfulness, work ethic, academic success, progress, etc.

Students are acknowledged for progress, work ethic, attendance, etc. during Family Meetings which take place once each month. Students are able to earn rewards and prizes during Family Meeting based on Work Ethic focusing on the Four A's – Attendance, Attire, Achievement, & Attitude.

Parents are a vital part of this process. Parents should attend all required parent conferences. PBIS is consistent with the Individuals with Disabilities Education Act which advocates the use of positive behavior interventions and school-based disciplinary strategies that reduce or eliminate the need to use suspension and expulsion as disciplinary options.

HARASSMENT, INTIMIDATION, BULLYING, & HAZING

To maximize learning, interactions between students must be marked by respect for every student's dignity.

Bullying is defined as a pattern of one or more of the following behaviors:

- a) gestures, including but not limited to obscene gestures and making faces;
- b) written, electronic, or verbal communications, including but not limited to calling names, threatening harm, taunting, malicious teasing, or spreading untrue rumors;
- c) physical acts, including but not limited to hitting, kicking, pushing, tripping, choking, damaging personal property, or unauthorized use of personal property; and
- d) repeatedly and purposefully shunning or excluding from activities.

JCFA is committed to having its students participate in their education, free from bullying, intimidation, or any other student behavior that attacks another student's dignity. Examples of unacceptable behaviors include, but are not limited to:

- a) Threats
- b) Taunting/teasing
- c) Coercion
- d) Causing reasonable fear of harm to one's personal property
- e) Physical violence, when accompanied by any of the above listed behaviors

As previously stated, maintaining respectful interaction between students is required. Accordingly, any violation of this policy, whether committed during or outside of school hours, and whether committed on or off of campus, may be grounds for disciplinary action. Examples of student interactions that may occur off campus and/or outside of school hours, but which must still be marked by respect include, but are not limited to:

- a) Email
- b) Cell phone texting
- c) Blogs

- d) Chat rooms
- e) Social networking/social media apps and/or websites
- f) Phone calls
- g) Physical altercations

HAZING POLICY

JCFA is committed to maintaining a safe, orderly, civil, and positive learning environment so that no student feels threatened while in school and/or when participating in school-related activities. While some forms of initiation for membership in student clubs and organizations constitute acceptable behavior, the hazing of students may degenerate into a dangerous form of intimidation and degradation. Hazing is hereby prohibited at JCFA for the purpose of initiation or admission into, affiliation with, continued membership in, or acceptance by existing members of any organization or extracurricular activity, whether such behavior is planned or occurs on or off school property. No student may solicit, ask, or request another to do an act forbidden under the definition of hazing given below. No student may aid, help, assist, or abet another in the hazing of a student. No student may consent to be the subject of hazing, or may the fact that a student consented to hazing serve as a defense for the student found to be hazing. All students will be responsible to report any acts of hazing that they witness to the staff of the school under the following procedures:

- 1) Any student, teacher, or other school employee who observes or is the object of hazing will report the hazing to the CAO or his/her designee.
- 2) The administration of the school will conduct an investigation into any complaint of hazing.
- 3) JCFA's policies and procedures for violations of school discipline policies will be effective for any violation of this policy.
- 4) Any act of hazing which might be in violation of the criminal laws of the State of Louisiana, the parish or the municipality wherein the school is located, if appropriate, will be reported to the appropriate law enforcement agency.

Hazing is defined as any knowing behavior, whether by commission or omission, of any student to encourage, direct, order, or participate in any activity which subjects another student to potential physical, mental, or psychological harm for the purpose of initiation into, affiliation with, continued membership in, or acceptance by existing members of any organization or activity at a public elementary or secondary school, whether such behavior is planned or occurs on or off school property including any school bus or school bus stop.

REPORTING PROCEDURE

A student who believes another student has violated this policy may report the belief of a violation to any faculty, staff, or administration member. Every report will be investigated. As previously stated, a violation may be grounds for disciplinary action. Any student who believes he or she has been the victim of bullying, cyber bullying, intimidation, threatening behavior, harassment, or hazing by a student, teacher, administrator or other school personnel is encouraged to immediately report the alleged acts to any appropriate school official.

Any teacher, administrator, or other school personnel who has or receives notice that a student has or may have been the victim of bullying, cyber bullying, intimidation, threatening behavior, harassment, or hazing at school or any school activity shall be *required* to immediately issue a verbal report of the alleged acts to an appropriate school official. A written report utilizing the LDOE Behavior Report Form/Incident Report Form to document the details of each reported incident of harassment, intimidation, and bullying, including cyber bullying must be filed no later than two days after the verbal report

Any student, school employee, or school volunteer who in good faith reports an incident of harassment, intimidation, bullying, or cyber bullying to the school administrator in accordance with appropriate procedures shall be immune from a right of action for damages arising from any failure to remedy the reported incident.

Other methods of investigation also may be used and pertinent documents may be examined by the investigator.

Investigations shall be completed no later than 10 school days after the receipt of the written report. During an investigation, JCFA may take immediate steps, at its discretion, to protect the complainant, students, teachers, administrators or other school personnel pending completion of the investigation. A written report shall be prepared upon the completion of the investigation. If the complaint involves the CAO, the report shall be made and filed directly with the Executive Director. The written report shall include determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy.

- 1) If it is determined that the threat was serious and that the student is at high risk for carrying out the threat or if it is determined that the student is a high risk for violent behavior, the appropriate law enforcement agency shall be called.
- 2) After the law enforcement agency conducts an investigation, criminal charges may be filed. If so, the student will be taken to the appropriate agency for booking and assessment.

SEARCHES AND SEIZURES

Any teacher, staff member, CAO, administrator, or school security guard employed by JCFA, having a reasonable belief that any building, desk, room, area, or grounds contains any weapons, illegal drugs, alcoholic beverages, nitrate based inhalants, stolen goods, or other items the possession of which is prohibited by any law, policy, or school rule, may search either physically or with the use of metal detectors such building, desk, room, area, or grounds. By signing the Handbook Agreement Form, the signator(s) provides authority with the consent to search any vehicle on campus. This acceptance and use of facilities or the parking of any vehicles on campus shall constitute consent to the search of such facilities or vehicles by authorized school personnel. In addition, JCFA reserves the right to inspect or search at any time any facilities, objects, or vehicles on the school campus, or used by students, for the purpose of enforcing compliance with any health, safety, or security policies, rules, or regulations. Such searches shall be conducted in the presence of the student whenever possible. If a signator(s) is not present during the search he or she shall be informed of the search as soon as is reasonably practical.

Students and parents are notified in writing at the beginning of each school year of the school's authority to conduct unannounced searches of students, property, automobiles, school employees, and any other person or object on school property and at school sponsored events. Signs of high visibility informing the general public of the school's search authority shall be posted at entrances to campus.

Upon finding any prohibited items, the student may be suspended and/or recommended for expulsion by school authorities, as appropriate. Investigative facts and/or seized items shall be immediately turned over to the proper law enforcement officials. Confiscated items will not be returned to the student or parent/guardian.

Whenever any search is conducted pursuant to this policy, as soon as is reasonably practical, a written record shall be made thereof using the Daily Update communication with the CMO and/or entered into JCampus by the school administrator/designee conducting the search and such record shall include the name of the student and/or person(s) involved, the circumstances leading to the search and the results of the search. This written, dated and

signed record shall be maintained and a copy of it shall be sent to the Executive Director within two (2) days. The student(s) and parent(s)/guardian(s) shall be given a written receipt for any item(s) seized and/or impounded by the school administrator/ designee. Confiscated items will not be returned to the student or parent/guardian, and may be submitted to law enforcement as required.

No actions taken pursuant to this policy by any teacher, administrator, or school security guard employed by the school shall be taken maliciously or with willful and deliberate intent to harass, embarrass or intimidate any student.

AUTHORIZATION

JCFA shall authorize teachers, school employees, administrators, and school security guards to search the person of a student, either by a random search or when the teacher, administrator or security guard has reasonable grounds to suspect that the search will reveal evidence that the student has violated the law, a school policy, or possesses a harmful item which may pose a danger to the student or students or to the welfare of the student body.

Searches shall be applied consistently and shall be with the knowledge, and under the supervision, of the CAO or designee.

Random searches may be conducted with the approval of the Executive Director.

The Board shall indemnify and defend in accordance with state law employees who follow this policy and subsequently are involved in litigation as a result of compliance.

SEARCH OF STUDENT PERSON

JCFA authorizes any teacher, school employee, administrator, or school security guard employed by the school to search a student's person or personal belongings, including handbags, purses, school bags, or any other item brought by student, when there are reasonable grounds, based on the circumstances at the time of the search, to believe that the search will uncover evidence of a violation of the law or school policy. Searches may also be conducted to assure compliance with health, safety, and/or security laws, rules, or regulations. Such a search shall be conducted in a manner that is reasonably related to the purpose of the search and not excessively intrusive in light of the age or sex of the student and the nature of the suspected offense.

Any search of the student's person shall be done privately by a teacher, school employee, administrator, or security guard of the same sex as the student to be searched with at least one witness of the same sex as said student who shall be present throughout the search. Detailed documentation shall be made of all searches. Items which are specifically prohibited by law and/or school policy shall be immediately seized. The school administrator/designee shall immediately contact the student's parent/guardian, appropriate law enforcement agency and the Executive Director.

If a teacher, school employee, school administrator, or security guard suspects the presence of firearms, weapons, illegal drugs, stolen goods, or other materials or objects the possession of which is a violation of school policy, random searches with a metal detector of students or their personal effects may be conducted at any time, provided they are conducted without deliberate touching of the student.

SEARCH OF VEHICLES

By signing the Handbook Agreement Form, signator(s) provides authority with the consent to search any vehicle on campus. Any vehicle parked on campus may be searched without consent at any time by a school administrator/designee when such school administrator/designee has articulable facts which lead the school administrator/designee to a reasonable belief that weapons, dangerous substances or elements, illegal drugs, alcohol, stolen goods, or other materials or objects the possession of which is a violation of law and/or school policy will be found. Searches may also be conducted to assure compliance with health, safety, and/or security laws, rules, or regulations.

If the automobile is locked, the student shall provide access to unlock the automobile. If the student refuses to unlock the automobile, proper law enforcement officials shall be summoned, and the student shall be subject to disciplinary action. Any student not present during the search shall be informed of the search immediately thereafter. If the student is not the owner of the vehicle, the owner will be made aware of the search after the search is conducted. No items confiscated during the search will be returned. A list of confiscated items may be provided to the vehicle owner upon request. Any item that is prohibited by law will be turned over to law enforcement after the search is completed.

USE OF CANINES

The administration is authorized to utilize canines, whose reliability and accuracy for sniffing out controlled substances, drugs, alcohol, guns, knives, weapons, or other materials or objects which are a violation of the law and/or school policy have been established, to aid in the search for contraband on school property and vehicles parked on campus. Canines shall not be used to search students. The canines must be accompanied by a qualified and authorized trained official of the local or parish law enforcement agency, who will be responsible for the dog's actions. An indication by the dog that drugs, alcohol, weapons, or any other item of violation is present on school property or in a vehicle shall be reasonable cause for further search by school officials.

CONFISCATION

Upon the confiscation of any firearm, bomb, knife, or other implement which could be used as a weapon, or any controlled dangerous substance or determined paraphernalia, the CAO or designee shall report the confiscation to the proper law enforcement officials. Any implement, item, or material confiscated shall be retained, cataloged, and secured by the CAO so as to prevent the destruction, alteration, or disappearance until such time as the implement, item, or material is given to law enforcement personnel for disposal. Any item that is confiscated will not be returned to the student or parent/guardian. Parent(s) or guardian(s) shall be notified of any item impounded. Any administrator or designee failing to report any prohibited weapon or confiscated material, item, or implement to the proper law enforcement officials or failing to properly secure any weapon or confiscated material, item, or implement shall be subject to appropriate disciplinary action as may be determined by the Executive Director and/or Board of Governance.

COUNSELING & GUIDANCE

It is the policy of JCFA that a planned comprehensive guidance and counseling program that is preventative and developmental in nature shall be provided in the school through an interdisciplinary approach. Individual and group guidance services shall be provided to students at all levels. Immediate assistance shall be provided for students who experience problems, and long-range services shall be made available when necessary. These services shall include, but are not limited to, providing educational information, career/occupational information, personal/social information and services, referral services, orientation, testing, placement, and follow-up.

Parental/guardian consent for participation in counseling services is considered ongoing throughout the student's enrollment at JCFA, unless written notice is provided to the school revoking consent.

CHILDREN ON CAMPUS

JCFA is designed to provide an environment conducive to academic activities performed by students and employees. The presence of children is often a disruptive factor, not just because a child can be active, but because even inadvertently, attention is centered on the child rather than on the teaching and learning process. For reasons that include safety of children, and assuring efficient performance of academic pursuits, operations, and services, JCFA cannot accommodate unsupervised children on campus. The CAO or his/her designee has the discretion to make exceptions. In these cases, (a) the child in question must be the child of a student, (b) the child's parent must sign a waiver of liability agreement, (c) the child must remain with the student-parent and shall not to be unsupervised in any locations on campus, and (d) the child must be a minimum of 4 months old and have received the first two rounds of vaccinations.

WORK PERMITS

It is the policy of JCFA and the Department of Labor to require minors between the ages of fourteen (14) and seventeen (17) to obtain permits prior to becoming employed.

To obtain a work permit:

- 1) A student should obtain a work permit application from JCFA to be completed by the employer, the student, and the student's parent/guardian. A work permit application may also be obtained from the employer.
- 2) Students should submit the completed work permit application to the Attendance & Office Manager at JCFA.
- 2) JCFA will file the work permit application. Once filed, the work permit will be delivered to JCFA for the student's signature. Permit is printed and given to students to sign.

Students should allow one week for the process to be completed.

FEE POLICY

JCFA schools are Louisiana public charter schools offering a tuition-free, fee-free learning environment. JCFA charges no fees of any kind, but students may purchase JCFA logo items at the student's discretion. JCFA does not have a waiver process to request a fee waiver because there are no fees charged at any time.

JCFA's Board of Governance will review this policy during the annual review of the student handbook and will post the updated policy on JCFA's website at www.JCFA.co.

FIELD TRIPS AND OFF-CAMPUS ACTIVITIES

Field trips are a valuable part of the school curriculum and arrangements for such trips are made by instructors, faculty, staff, or administration well in advance.

The procedure for field trips and off-campus activities shall be as follows:

- 1) The school employee planning the activity must complete the Field Trip Request Form, and submit it to the CAO
- 2) Upon approval of the request, the school employee planning the activity must distribute a Field Trip Permission Form to each eligible student with the necessary information completed. Parents will be notified of the date, time, destination, and cost and will receive a permission slip to sign and return to school by a specified date. If the field trip permission slip is not signed and returned to the school employee in charge of the event, the student will not be allowed to attend the field trip. Students ages 18 years and older may complete the Field Trip Permission Form themselves. In

this case, the individual in charge of the field trip must notify the parent/guardian of the field trip plans and alert them that their student has signed the permission form to participate.

- 3) On the day of the activity, the school employee planning the event must provide the Attendance & Office Manager, the CAO, and all instructors with a list of students participating in the activity.

Parents who serve as chaperones on field trips are responsible to the school employee in charge of the event.

All students must follow the code of conduct while participating in field trips. Students violating the code of conduct will be subject to appropriate disciplinary action. If, while attending a field trip, a student displays unacceptable behavior, he/she may not be allowed to attend future field trips for which he/she would otherwise be eligible to participate.

The competence areas which are considered essential education goals are communication, reasoning, responsibility, physical and mental well-being, and learning to learn. In providing an atmosphere conducive to learning, it is essential that students gain confidence in their own abilities to learn to control and discipline their actions and habits.

All JCFA campuses are monitored in whole, or in part, by a closed surveillance system. Footage is the private property of JCFA. Surveillance footage is maintained for a limited period of time and is reviewed by JCFA administration for the safety of the school.

VISITORS ON CAMPUS

All visitors MUST document their presence on campus through presenting photo identification and signing in with the Attendance & Office Manager or front desk designee. Visitors must also sign-out at time of departure with the Attendance & Office Manager or front desk designee. The time of arrival and time of departure must be noted.

In the interest of Safe and Drug-Free Schools, JCFA endorses the following policy: **BY ENTERING SCHOOL PROPERTY, THE PERSON IN CHARGE OF ANY VEHICLE CONSENTS TO A SEARCH OF THE ENTIRE VEHICLE AND ITS CONTENTS, WITH CAUSE, BY SCHOOL OFFICIALS OR POLICE OFFICERS.** This policy applies to students, visitors, and all school staff at any time, day or night. Visitors entering JCFA campus property consent to a possible search of both person and property. This procedure may be instituted to help assure the safety of the students and employees of JCFA.

DELIVERIES

Deliveries of flowers, balloons, gifts, etc for students will not be accepted in the school office or the classroom. No food will be delivered to school with the exception of food ordered by JCFA.

Internet users may encounter material which is controversial and which the user, teacher, or administrator may consider inappropriate or offensive. Students must:

- Use the device(s) provided only to access learning activities.
- Follow the same guidelines for respectful, responsible behavior online that students are expected to follow offline.
- Treat this device(s) carefully, and report any problem immediately.

Limitation of Liability

The JCFA will not be responsible for damage or harm to persons, files, data, or hardware. Devices employ filtering and other safety and security mechanisms, but there is no guarantee as to their effectiveness. JCFA will not be responsible, financially or otherwise, for unauthorized transactions conducted over the device or the JCFA network.

ADMINISTRATION OF MEDICATION

The administration of medication to students must be in compliance with the requirements of LA Rev. Stat. Ann. §17:436.1 and the policy established by the Louisiana Board of Elementary and Secondary Education (BESE). As used in this policy, the term *medication* must include all prescription and non-prescription drugs.

NOTE: If possible, the parent/legal guardian is advised to give medication to the student at home and on a schedule other than during school hours.

Students are not permitted to have in their possession any medication (prescription or non-prescription) while under school supervision except when ordered by the physician for an urgent need (i.e., asthma inhaler) and after consultation between the parent/legal guardian and designated school staff. School medication orders must be limited to medications which cannot be administered before or after school hours.

It shall be the policy of the JCFA that no school employee other than a registered nurse or licensed medical physician shall be required to administer medication until all the following conditions have been met:

Parent/Legal Guardian Responsibility:

1. Written Orders - Medication shall not be administered to any student without a completed State of Louisiana Medication Order Form from a physician or dentist licensed to practice medicine in Louisiana or an adjacent state, or any other authorized prescriber authorized in the state of Louisiana to prescribe medication or devices, **and** a letter of request and authorization from the student's parent or guardian. The following information shall be included:

- Student name
- Name and signature of the physician/dentist/other authorized prescriber
- Physician's/dentist's/other authorized prescriber's business address, office phone number, and emergency phone numbers
- Student's diagnosis
- Name, amount of each school dose, time of school administration, route of medication, and reason for use of medication
- A written statement of the desired effects and the child-specific potential adverse effects

2. Containers, Labels, and Information - The physician's medication order is to be renewed at the beginning of each school year, and if the medication, dosage, route of administration, or time of administration is changed during the school year. Medication shall be provided to the school by the parent/legal guardian in a container properly labeled by a registered pharmacist or physician that meets acceptable pharmaceutical standards and shall include the following information:

- Student name
- Name, address, and telephone number of pharmacy
- Prescription number
- Date dispensed
- Clear directions for use, including the route, frequency, and other as indicated
- Drug name and strength
- Last name and initial of pharmacist
- Cautionary auxiliary labels, if applicable
- Physician's/dentist's/other authorized prescriber's name

3. Delivery and Supply - The parent/legal guardian shall arrange for the safe delivery of the medication to and from school by a responsible adult. The parent/legal guardian must supply all necessary items needed for the administration of the medication (i.e., cups, measuring implements, etc.). No more than a 35 school day supply of medication shall be kept at school.

NOTE: Parents may come to school and administer medication to their children at any time during the school day following submission of proper physician's authorization for medications and arrangements with the CAO.

School Responsibility:

1. School personnel will not provide any medication.
2. A medication log form will be maintained by school personnel for each medication required by the student.
3. The designated, trained employee will keep all medication in a locked secure place.
4. All medications will be disposed of seven (7) days after the physician's recommended date to discontinue, if not claimed by the parent/legal guardian.
5. During the period when the medication is administered, the person administering the medication shall be relieved of all other duties.
6. Only oral medications, inhalants, topical ointments for diaper rash, and emergency medications shall be administered at school by unlicensed personnel. Except in life-threatening situations, trained unlicensed school employees may not administer injectable medications.
7. Each student shall be observed by a school employee for a period of 45 minutes following the administration of medication. This observation may occur during instruction time.

Additional Procedures:

1. Injections - The parent/legal guardian will be required to come to school and administer injections to their child except in the case of emergency medication for a life threatening situation.
 - a. The above policy shall not apply to students diagnosed with Insulin Dependent Diabetes Mellitus who do not self administer and may require insulin during the school day.
 - b. The parent/legal guardian is responsible for providing the insulin and necessary supplies.
 - c. Students who will be responsible for administering their own injections must keep the necessary supplies in a secure place as designated by the CAO. The student will be responsible for securing the prescribed dosage.
2. Inhalers and Aerosol Treatments - Previously stated medication policy is to be followed. If an asthma inhaler is to be carried by a student at all times, then the physician's written orders must state such.

SUBSTANCE ABUSE POLICY AND PROCEDURES

The possession, use, delivery, transfer, or sale of alcohol, controlled dangerous substances, any mood altering chemical, or any substance designed to look like or represented as such by students, on school premises, in school buildings, or at school-sanctioned events is expressly forbidden. A “look alike” substance is defined as any substance that appears or resembles any prohibited substance and which the student in possession thereof specifically represents to others as a prohibited substance.

Students who are suspected of being under the influence of any substance while on campus may be searched following the procedures outlined in this handbook and may be sent home. The CAO or his/her designee may also require a parent/guardian communication and/or conference.

MANUFACTURE/POSSESSION/DISTRIBUTION (DRUG RELATED)

When the CAO or his/her designee has reasonable cause to believe that a student has manufactured, distributed, or possessed with intent to distribute alcohol, controlled dangerous substances, any mood-altering chemicals, or any substance designed to look like or represented as a drug, the parent/legal guardian and the appropriate law enforcement agency shall be contacted immediately. Upon such violation, criminal charges shall be filed with the appropriate law enforcement agency. Any student in grades six through twelve shall be expelled from JCFA for a minimum period of four (4) complete semesters.

No student expelled under these items shall be allowed to return to JCFA without the express written approval of the JCFA Board of Governance.

VAPING AND TOBACCO POLICY

In accordance with Louisiana state law (Revised Statute 17:240) and JCFA policy, the use or possession of tobacco products, vaping devices, or any smoking-related paraphernalia is strictly prohibited on all JCFA campuses. This includes school buildings, school buses, surrounding parking lots, sidewalks, and all school-sanctioned events.

Prohibited Items Include (but are not limited to):

- Cigarettes, cigars, pipes, and smokeless tobacco
- E-cigarettes, vapes, vape pens, vape mods, and any other vapor products
- “Smoking blends” or similar substances
- Tobacco-related accessories or paraphernalia
- Any substance classified under Schedule I, including marijuana or its derivatives

“Smoking” is defined as the possession or use of a lighted or heated cigar, cigarette, pipe, or any other product or device that delivers nicotine, tobacco, marijuana, THC, or similar substances through inhalation or combustion. This includes e-cigarettes, electronic cigarettes, vape pens, and other electronic nicotine delivery systems.

Students found in possession of any tobacco, vape, or smoking-related product will have the item(s) confiscated by school personnel. Confiscated items will not be returned to the student or their parent/guardian. Parental permission does *not* exempt a student from compliance with this policy.

No student shall sell or distribute any tobacco, vaping, or smoking-related product or accessory on campus, on a school bus, or at school-sponsored events.

THC vapes and marijuana products are classified as illegal substances. Possession or use of these substances may result in immediate expulsion in accordance with JCFA’s drug policy. In accordance with R.S. 40:961 and R.S. 40:981.3(A)(1), no person shall smoke or vape marijuana, tetrahydrocannabinol, or similar Schedule I substances on any school property.

EMERGENCY PROCEDURES

It is the policy of the JCFA that upon registration and periodically throughout a student's enrollment, the school will secure information necessary to complete the Emergency Contact Card. It is the responsibility of the student and/or the parent/legal guardian to notify the school if changes occur. Falsification of information on the Emergency Contact Card by a student may result in disciplinary action.

It is the policy of the JCFA to act in a responsible manner in the event of any emergency, accident, and/or incident.

HURRICANE EVACUATION OR OTHER NATURAL DISASTER

In case of an evacuation of the city, area, or region, stay tuned to WWL-TV (Channel 4) in the Greater New Orleans area, WGMB FOX (Channel 44) in the Greater Baton Rouge area, or KATC-TV (Channel 3) in Lafayette, including their associated websites and radio stations, for information on JCFA. Also, review our website www.jcfa.co or follow us on Twitter @JCFAedu for updated information.

EMERGENCY PROCEDURES

At times during the school year it may be necessary to dismiss students early for various emergencies which sometimes occur. Any decision regarding the early dismissal or emergency closing of schools will be made by the Chief Academic Officer or his/her designee in cooperation with the Executive Director or his/her designee.

In the event of emergency closing of schools or early dismissal of students in schools, announcements will be made to the news media regarding this decision. Specifically, radio station WWL-870 AM has been selected as the official station to carry announcements from JCFA regarding school closings.

In the event of a crisis at school (a fire, a tornado, individual with a weapon, chemical leak, etc), parents must be aware of the following:

- Parents should NOT ATTEMPT TO RUSH TO THE SCHOOL since multiple vehicles may block the access of emergency vehicles and personnel. Depending on the emergency, you may also be driving into a dangerous situation. Students may be evacuated or locked down, so you need to wait for directions on where to go.
- Parents will be contacted according to the most updated information provided to the school.
- Emergency information will be provided to WWL-TV, KATC-TV and WWL-Radio.
- A gathering site for parents/guardians will be announced as soon as a safe site is determined.
- Strict release procedures will be enforced. Every person picking up a student under the age of 18 MUST show a photo ID of any sort and will sign a release form prior to the student being released.

PROCEDURES FOR HANDLING EMERGENCY CARE OF STUDENTS

In the event of an injury, or serious illness, which necessitates immediate removal of a student to a hospital for emergency treatment, the following procedures may be implemented:

- Every attempt shall be made to contact the parent/legal guardian or other person(s) listed on the Emergency Card.
- An ambulance is to be called by contacting the appropriate police agency at 911. It is the policy of the ambulance company to transport the patient to the nearest hospital for emergency treatment. Ambulance drivers shall be requested to indicate to which hospital they will deliver the student.
- If the school is unable to reach the parent/legal guardian listed on the Emergency Card and an ambulance has been called, an adult staff/faculty member carrying a copy of the student's Emergency Card shall be dispatched immediately to the destination of the ambulance. In the meantime, efforts shall continue to reach the student's parent/legal guardian listed on the Emergency Card.

- The ambulance service fee is payable through student or family insurance where applicable. In cases where insurances are not effective, the parent/legal guardian of the patient will be billed by the ambulance service provider.

EVACUATION OF BUILDINGS

Procedures for quick and orderly evacuation of school buildings have been established by each school and shall be posted in classrooms and other rooms. Students are to familiarize themselves with these procedures for evacuation and to obey instructions of faculty and staff in all situations. Because the orderly and rapid evacuation of buildings in an emergency is a serious and urgent necessity, student misbehavior during evacuations may result in disciplinary action.

FIRE ALARMS, DISCHARGE OF FIRE EXTINGUISHERS

The setting off of a fire alarm in a school at any time is a serious act which interrupts the instructional program and could result in student injury. Students guilty of setting off a fire alarm may be subject to disciplinary action and possible removal from school. The discharging of a fire extinguisher by a student, except in the case of a fire, is also an act which has serious consequences and could result in appropriate disciplinary action.

FIRE DRILLS/BOMB THREATS

Fire drills are held on each campus. When the signal is given, students will leave the classroom in a quiet and orderly manner. When evacuating the classroom students are to:

- Form a single line.
- Leave books behind. (Girls, however, should take their purses.)
- Proceed as a class to the designated area.
- Remain with the teacher throughout the drill.
- When the ALL CLEAR signal is given, students will return to their classrooms with their teachers to await further instructions.

Under no circumstances are students to yell, run, or create general disorder during a fire drill.

Students shall follow the same procedure during a bomb threat.

LOCKDOWN/SAFETY DRILLS

Lockdown drills prepare students and staff for potential threats inside or near the school. During a lockdown:

- An announcement will be made over the intercom or directly by administration.
- All students must immediately follow the directions of faculty or staff.
- Students and staff will move away from doors and windows, remain quiet, and turn off all lights.
- Doors will be locked, and no one will be allowed to enter or leave the room until an "all clear" is announced by administration or emergency personnel.
- Cell phone use is prohibited unless directed by staff for emergency communication.

All drills are treated as serious exercises—horseplay or noncompliance will not be tolerated. Students are expected to follow staff instructions immediately and without hesitation. In the event of an actual emergency, parents will be notified through the school's communication system, and students will only be released to individuals listed on their emergency contact form who present valid photo identification.

SUICIDE THREATS OR ATTEMPTS

Any suicide threat or gesture shall be reported to the office and a Suicide Referral Form shall be completed and given to the CAO or his/her designee. The CAO or his/her designee will refer the student to the appropriate mental health professional who will conduct an investigation. Those conducting this investigation shall be trained/experienced in suicide assessment. As part of this investigation, the mental health professional or designee will gather as much information as possible from parents/guardians and others who know the student's condition and threat.

The following information is essential to collect:

- Exact dates and times of any written or verbal material discussing a threat of suicide or self harm.
- Does the student have a plan to harm self, intent to harm self, or means to harm self.
- Identify all triggers precipitating these events, including social circumstances, conflict between student and peers, teachers or family members, current grudges, mental health and substance use history and recent losses.

If no further action is necessary, the CAO or his/her designee shall complete/sign the Suicide Referral Form.

If the mental health professional and/or CAO or his/her designee determine that the threat was serious and that the student is at risk for suicide, action is taken and the mental health professional will complete the suicide referral. Campuses in the Greater New Orleans area will contact Jefferson Parish Mobile Crisis Team (504-832-5123). Lafayette Campus will contact the NAMI Acadiana Help Line at (337) 654-2138 or the Crisis Connection Center at (337) 205-6010 (also 337-232-HELP).

As in any case of emergency where a student's safety and well-being are concerned, the mental health professional and CAO or his/her designee will contact the parent/legal guardian, convey information regarding the severity of the student's condition and inquire about ongoing mental health treatment. If the student is under the care of a mental health professional, the parent/legal guardian will contact the mental health professional and arrange for an emergency assessment. If the student is not under the care of a mental health professional, the parent/guardian will come to the school and will contact Jefferson Parish Mobile Crisis Team (504-832-5123) and request an emergency evaluation.

The school will forward all copies to the crisis team or the child's mental health professional.

If the mental health evaluation results in hospitalization, the parent/guardian shall inform the school within 24 hours. Upon release from the hospital, the parent/guardian will provide documentation to the school of the student's mental health. If the student received a mental health evaluation and was not admitted to a hospital, the parent/guardian will provide documentation of the evaluation and will provide any necessary recommendations to avoid a future crisis.

COOPERATIVE ENDEAVOR/LAW ENFORCEMENT

It is the policy of JCFA to provide a safe school environment for students and employees. Therefore, there exists a cooperative endeavor among these agencies: law enforcement, juvenile justice, the district attorney, parish administration, human services authority, and JCFA. The goal of the cooperative endeavor is to keep the schools in the parish safe from drugs, weapons, and criminal acts of personal violence.

As soon as a criminal act perpetrated by a student is detected, the appropriate law enforcement agency shall be called. The responding deputy or police officer will come to the school, arrest the student if the investigation warrants, and secure the evidence. Initial notification of the parent/legal guardian of the student's arrest will be made by a school official. The school official will instruct the parent/legal guardian that the student has been arrested and taken to the appropriate detention center. The student will not be released from detention until a hearing on the matter is held before a judge in the appropriate court.

SECTION V: CULTURE AND SAFETY ADDENDUM

All students are expected to follow the rules and regulations of the school. Students shall be required to observe the customary rules of courtesy that contribute to good order as established by the standards of the school and community.

Strong relationships between JCFA and its students' support systems build trust, identify needs on a proactive basis, and create a powerful alliance to support students. "Parent" at JCFA is defined not solely as parent but includes caregivers, guardians, and extended family as necessary.

This Charter School Parental Involvement Policy is reviewed annually and has been developed jointly with, and agreed on with, parents of students participating in Title I, Part A programs, as evidenced by the previous policy. JCFA will distribute this policy to all parents of participating Title I, Part A students.

STUDENT CONDUCT

JCFA strives for excellence in student conduct as well as in academic achievement. Strong discipline is the key to this goal. Discipline is essential to the orderly operation of any school and the maintenance of an environment conducive to quality education. Discipline implies good order as dictated by common sense. A student is required to conduct himself/herself properly while under school supervision and to comply with all policies and regulations that govern pupil conduct. Each student shall be held strictly accountable for any disorderly conduct in school building, on school premises, while utilizing transportation provided by the school, on streets or roads while going to or returning from school, during intermission or breaks, and while attending all school activities. JCFA can and will assign school discipline for incidents that occur off campus if there is a connection to the school or if the incident causes a disruption to the school environment.

CODE OF CONDUCT AND DISCIPLINE POLICY

It is the goal of JCFA that every student be offered a disciplined environment conducive to learning, and will develop competence in those areas of life which are essential to individual and group living. The competence areas which are considered essential education goals are communication, reasoning, responsibility, physical and mental well-being, and learning to learn. In providing an atmosphere conducive to learning, it is essential that students gain confidence in their own abilities to learn to control and discipline their actions and habits.

Each student is responsible for his/her own behavior. JCFA expects the highest standards of conduct and decorum of all students. JCFA students are expected to:

- Demonstrate respect for self as well as respect and courtesy for others.
- Behave in a responsible, respectful, and cooperative manner.
- Attend class regularly and report to class on time prepared to work.
- Take seriously the course of study and course progress.
- Dress appropriately by following the uniform and dress code policy.

Students are expected to be ambassadors for the school and must conduct themselves in a respectful and considerate way at all times. Students who misbehave, show disrespect to school employees, show disregard for school property, or disrupt school activities shall be subject to appropriate disciplinary action.

Students attending JCFA are expected to behave as if they are in a work environment. Therefore, students will be given both positive (Scholar Dollars) or negative (Major Referral Slip – LDOE Behavior Form) feedback. Scholar Dollars will be part of the Positive Behavior Intervention & Support (PBIS) program. Students can be commended by teachers or staff in any area of student behavior, i.e. dress, courtesy, cooperation, helpfulness, work ethic, etc.

Incidents occurring on campus should be recorded using the LDOE Behavior Report Form (entered into the JCampus student information system). Students in need of disciplinary action resulting from an incident may be written up with a major referral and/or placed on a Performance Improvement Plan (PIP), which will detail the incident. The Chief Academic Officer or his/her designee, in addition to other faculty and staff, will develop an action plan with the student to correct the problem. The action plan will be distributed to the student, the student's parent(s)/guardian(s), and appropriate staff. The action plan will be reviewed as needed. Failure to execute the action plan may result in the student being dismissed from the program.

JCFA's progressive disciplinary process includes, but is not limited to, the following interventions:

- Immediate verbal correction
- Re-teach expectation
- Restorative Circle
- Check and Connect with counselor
- Ignoring and redirecting
- Teaching Conflict Resolution techniques
- Call and/or meet with the student support system/guardian
- Change of schedule
- Restitution

Consequence may include:

- Loss of activity privileges
- Immediate removal from class
- Conference with student and student support system/guardian
- Student referral, notification to student support system/guardian, and In-School or Out of School Suspension
- Student referral, notification to student support system/guardian and student or expulsion (depending on severity of infraction)

*All Special Education/Section 504 Discipline Policies must be followed

Below is a non-exclusive list of major and minor infractions. While JCFA utilizes progressive discipline, a student determined to have committed a major infraction may be subject to a severe penalty even for a first offense.

Offenses included, but are not limited to:

- Possession of cell phone
- Excessive tardiness or absenteeism

You understand that such violations may lead to expulsion or removal from JCFA.

PHYSICAL ALTERCATION

In accordance with LA R.S. 17:416 (H), no student shall be disciplined for the use of force upon another person when it can be reasonably concluded that the use of such force more probable than not was committed solely for the purpose of preventing a forcible offense against the student or a forcible offense provided that the force used must be reasonable and apparently necessary to prevent such offense. A student who is the aggressor or who brings on a difficulty cannot claim the right provided by this Subsection to defend him/herself.

FIREARM OR DANGEROUS WEAPON

Illegal carrying, possession or use of a firearm or dangerous weapon within the boundaries of school property or on a school bus is a crime under the laws of the State of Louisiana. A person found guilty of the offense of illegal possession or use of a dangerous weapon and/or carrying a firearm, when such an offense is committed on a school bus or within the boundaries of school property, may be subject to criminal penalties including fines and/or imprisonment with or without hard labor under the provision of L.S.A. 14:95.2, L.S.A. 14:95 and other applicable law. The Executive Director may modify the length of the minimum expulsion on a case-by-case basis, by providing such modification in writing.

For purposes of this policy, a “firearm” is a pistol, revolver, rifle, shotgun, machine gun, submachine gun, black powder weapon, or assault rifle that is designed to fire or is capable of firing a fixed cartridge ammunition or from which a shot or projectile is discharged by an explosion.

A student recommended for expulsion under this provision shall be entitled to the rights set forth under Due Process for Expulsions. EXPULSION FOR THREE OR MORE SUSPENSIONS IN ONE ACADEMIC YEAR

In accordance with Act 337, regardless of any state or local school policies, any public school student in grades 6 through 12 who receives a third suspension within the same school year—for any reason other than dress code or tardiness violations—shall be recommended for expulsion on the fourth suspension.

SUSPENSION/EXPULSION POLICIES

It is the policy of JCFA that a student may be suspended/expelled:

- 1) Until a parent/guardian returns with the student to school to meet with administration if the student is under the age of 18. A parent/guardian conference may be required for a student who is 18 years or older if it is determined in the best interest of the student.
- 2) For a period not to exceed five (5) school days followed by a parent/legal guardian conference for students under the age of 18.
- 3) For the remainder of the school year, depending upon the seriousness of the offense Parental/legal guardian conference shall follow for students under the age of 18.

It is the policy of JCFA that a student may be expelled for the remainder of the school year or for extended time periods as designated by Louisiana Revised Statute 17:416 by the CAO or his/her designee. Information on alternative education programs will be provided in only those cases required by law.

PARENT/LEGAL GUARDIAN INFORMATION ON SUSPENSION OR EXPULSION

On any offense that warrants a suspension, the guardian will be notified that the student is suspended. Suspensions may range from the in-school suspension to a multi-day suspension. The number of days a student may be suspended is left to the discretion of the CAO/designee. The parent or guardian has the right to appeal any suspension to the Executive Director within five days of receiving the suspension letter. The appeal may be submitted by mail or made in person. The decision of the Executive Director or designee is final.

EXPULSION

A student may be recommended for expulsion upon committing any offense which the CAO deems serious enough to warrant such action. When a student is recommended for expulsion, the CAO will notify the guardian by phone, email, and/or letter as to the offense and the reason(s) for such action. A copy of the recommended expulsion letter shall also be sent to the Executive Director's office.

Upon receiving the recommendation for expulsion, the Executive Director/designee will conduct an expulsion hearing. The Executive Director/designee will notify the parent or guardian in writing of the date, time and place of the expulsion hearing. The hearing will be conducted by the Executive Director/designee. After hearing all the facts concerning the expulsion, the Executive Director/designee will render a decision.

The parent or guardian may, within five (5) days after the decision is rendered, request the School Board to review the findings of the Executive Director/designee at a time set by the School Board; otherwise, the decision of the Executive Director shall be final.

If requested and after reviewing the findings of the Executive Director/designee, JCFA's Board of Governance may affirm, modify, or reverse the action previously taken. The parent/legal guardian may, within ten (10) days, appeal to the district court for the parish an adverse ruling of JCFA's Board of Governance in upholding the action of the Executive Director.

When an expulsion recommendation is upheld by the Executive Director, JCFA will work with the student and the local parish to enroll the student in the appropriate alternative school for the term of the expulsion. Students wishing to return to JCFA after the expulsion is completed should contact the CAO to discuss the re-enrollment process.

Students who are arrested or charged with felony violations of criminal law, or who would have been charged with a felony if an adult, may be removed from the traditional educational settings by the Executive Director. Students convicted of a felony or the incarceration of any student in a juvenile institution for an act which had it been committed by an adult would have constituted a felony may be cause for placement at the alternative school.

In instances when the parent/legal guardian seeks information about the student who may have inflicted injury or damage to their child, the principal/designee shall follow policies outlining release of information as provided in the Family Educational Rights and Privacy Act of 1974. If the parent/legal guardian is not satisfied with the information which is provided, the parent/legal guardian of the injured child may seek redress through legal action under civil law.

DUE PROCESS

JCFA mandates that all students shall be treated fairly and honestly in resolving grievances, complaints, or in the consideration of any suspension or expulsion. Due process shall be defined as fair and reasonable approaches to all areas of student grievance and discipline on the part of all school officials in order not to arbitrarily deny a student the benefits of the instructional process.

Due process requires the school administration to impose fundamentally fair procedures to determine whether misconduct or other improper action has occurred before any disciplinary action may be taken by the school administration, except in the case of imminent danger or disruption of the academic process. In these instances, proper procedures shall be put into effect as soon as removal of the student has occurred.

The full protection of procedural due process shall be afforded any student facing possible long-term suspension or expulsion.

Every student shall have the right to due process of law. The student shall be advised by the CAO or his/her designee of his/her misconduct and the regulation which has been violated. The student may then make a response to the accusation. Should the offense call for a suspension or expulsion, the parent or legal guardian shall be contacted by telephone at the telephone number shown on the student's application or updated emergency contact form, and by electronic communication or by a certified letter sent to the address shown on the student's application or updated emergency contact form.

Should the parent wish to appeal the decision of the CAO, he/she has the right to file an appeal to the Executive Director within five days of receiving that written notice. In the case of a suspension, the Executive Director/designee shall schedule a hearing at which he/she will hear all the facts concerning the matter and render a decision as to the appropriateness of the suspension. Students are entitled to be represented at the hearing by anyone they choose. The decision of the Executive Director/designee is final.

In the case of an expulsion, should the Executive Director/designee accept the recommendation of the CAO, the parent or legal guardian may, within five (5) days after the decision is rendered, request the School Board to

review the findings of the Executive Director or designee at a time set by JCFA's Board of Governance; otherwise, the decision of the Executive Director shall be final.

DUE PROCESS OUTLINE:

- Student is advised of the infraction by the CAO or designee
- Student is allowed to respond to the accusation (written statement of what occurred, can be transcribed and signed if requested)

If suspended

- Guardian called and notice of suspension emailed/mailed/provided in-hand to guardian.
- Meeting with guardian and student prior to returning to class: review of expectations, review of supports, review of academic progress, review of goals.
- Should the guardian wish to appeal the decision of the CAO, he/she has the right to file an appeal to the Executive Director within five days of receiving that written notice. The Executive Director/designee shall schedule a hearing at which he/she will hear all the facts concerning the matter and render a decision as to the appropriateness of the suspension. Students are entitled to be represented at the hearing by anyone they choose. The decision of the Executive Director/designee is final.

If expulsion is recommended

- Guardian is called and notice of recommendation for expulsion is emailed/mailed/ provided in-hand to guardian.
- Notice of expulsion hearing is emailed/mailed. The hearing date is set within 5 days of recommendation. The date of the hearing may occur within a two week period based on the guardian's availability.
- Executive Director/designee conducts expulsion hearing to determine if expulsion is warranted. Students are entitled to be represented at the hearing by anyone they choose.
- Notice of expulsion hearing recommendation emailed/mailed (within 2 business days of the hearing)
- The guardian may, within five (5) days after the decision is rendered, request JCFA's Board of Governance to review the findings of the Executive Director/designee at a time set by JCFA's Board of Governance; otherwise, the decision of the Executive Director shall be final.

APPEAL PROCESS

Should a student be released by school decision, he/she has the option to appeal this decision. A timely and properly received request for appeal will be heard through a Hearing Committee of the Board of Governance. The Hearing Committee will consist of no less than three (3) members and may consist of Board of Governance members as well as individuals serving on Board of Governance committees. The Hearing Committee is committed to fairness in its deliberations and it may rely on any reasonable evidence to make a decision.

The following should serve as a guideline for a student seeking to appeal a removal/dismissal decision at JCFA:

- 1) The student shall provide a written request for appeal. This written request must be submitted via email or regular mail to the Executive Director, and must be received within five (5) school days of the dismissal. This written request shall include:
 - (a) the request for an appeal in an open meeting or closed meeting,
 - (b) the reason(s) why an appeal should be granted, and
 - (c) a report of the incident leading to the dismissal from the student's perspective.
- 2) A date will be selected for the subsequent hearing within five (5) school days of receipt of the written appeal request.
- 3) During the hearing, the student may bring an advocate. If the student is under the age of 18, the registering parent/guardian must attend the appeal hearing with the student. In addition to the parent/guardian, a suitable advocate may also attend. The student must notify the Executive Director of the name of the proposed advocate and the relation to the student at least one day prior to the hearing.

Members of the JCFA faculty, staff, administration, student body, Board of Governance, and/or Board of Governance committees are not eligible to serve as a student's advocate during an appeal hearing.

- 4) After the hearing of evidence, the Hearing Committee will deliberate in private. Following deliberation, the Committee's decision will be mailed within 48 hours of the decision to the student's last mailing address on file. The decision of the Hearing Committee is final.

DISCIPLINE OF STUDENTS WITH DISABILITIES

For purposes of removal of a student with a disability from the student's current educational placement, a *change of placement* occurs when:

- 1) a student with a disability is removed from his or her current educational placement for more than ten (9) consecutive school days; or
- 2) a student with a disability is subjected to a series of removals that constitute a pattern because they cumulate to more than ten (9) school days in a school year and because of factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another.

School personnel have the authority to order a change in placement for a student with a disability when certain conditions exist.

- 1) School personnel may order a removal of a student with a disability from the student's current educational placement for not more than ten consecutive school days for any violation of school rules to the extent a removal would be applied to a student without a disability, and school personnel may order additional removals of not more than ten consecutive school days in the same school year for separate incidents of misconduct as long as the removals do not constitute a change of placement
- 2) School personnel may order a change in placement of a student with a disability to an appropriate interim alternative educational setting for the same amount of time a student without a disability would be subject to discipline, but for not more than 45 days, if:
 - A) the student carries or possesses a weapon at school or at a school function under the jurisdiction of the state or an LEA; or
 - B) the student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function under the jurisdiction of the state or an LEA

A hearing officer has the authority to order a change in placement for a student with a disability when certain conditions exist. The hearing officer may order a change in the placement of a student with a disability to an appropriate interim alternative educational setting for not more than 45 days if the hearing officer, in an expedited due process hearing:

- 1) determines that the LEA has demonstrated by substantial evidence that maintaining the current placement of the student is substantially likely to result in injury to the student or to others (substantial evidence means beyond a preponderance of the evidence);
- 2) considers the appropriateness of the student's current placement;
- 3) considers whether the LEA has made reasonable efforts to minimize the risk of harm in the student's current placement, including the use of supplementary aids and services; and
- 4) determines that the interim alternative educational setting that is proposed by school personnel meets all IAES requirements

An LEA need not provide services during periods of removal to a student with a disability who has been removed from his or her current placement for ten school days or less in that school year, if services are not provided to a student without disabilities who has been similarly removed.

- 1) In the case of a student with a disability who has been removed from his or her current placement for more than ten school days in that school year, the LEA, for the remainder of the removals, shall

provide services to the extent necessary to enable the student to progress appropriately in the general curriculum and to advance appropriately toward achieving the goals set out in the student's IEP, if the removal is:

- A) under the school personnel's authority to remove for not more than ten consecutive school days as long as that removal does not constitute a change of placement; school personnel, in consultation with the student's special education teacher, shall determine the extent to which services are necessary to enable the student to progress appropriately in the general curriculum and to advance appropriately toward achieving the goals set out in the student's IEP;
 - B) for behavior that is not a manifestation of the student's disability consistent with regulations; the student's IEP team shall determine the extent of which services are necessary to enable the student to advance appropriately toward achieving the goals set out in the student's IEP.
- 2) An LEA shall provide services that will enable the student to continue to progress in the general curriculum and to continue to receive those services and modifications, including those described in the student's current IEP, that will enable the student to meet the goals set out in that IEP. The LEA shall include services and modifications designed to address the behavior described below and to prevent the behavior from recurring if the removal is:
- A) for drugs or weapon offenses (the IEP team determines the interim alternative educational setting); or
 - B) based on a hearing officer's determination that maintaining the current placement of the student is substantially likely to result in injury to the student or others if he or she remains in the current placement.

Either before or not later than ten business days after either first removing the student for more than ten school days in a school year or commencing a removal that constitutes a change of placement, the LEA shall follow prescribed procedures as listed below.

- 1) If the LEA did not conduct a functional behavior assessment and implement a behavioral intervention plan for the student before the behavior that resulted in the removal occurred, the LEA shall convene an IEP meeting to develop an assessment plan.
- 2) If the student already has a behavioral intervention plan, the IEP team shall meet to review the plan and its implementation and modify the plan and its implementation as necessary, to address the behavior.
- 3) As soon as practicable after developing the behavioral intervention plan and completing the assessment required by the plan, the LEA shall convene an IEP meeting to develop appropriate behavioral interventions to address that behavior and shall implement those interventions.
- 4) If subsequently, a student with a disability who has a behavioral intervention plan and who has been removed from his or her placement for more than ten school days in a school year is subjected to a removal that does not constitute a change of placement, the IEP team members shall review the behavior intervention plan and its implementation to determine whether modifications are necessary. If one or more of the team members believe that modifications are needed, the team shall meet to modify the plan and its implementation to the extent the team determines necessary.

A manifestation determination review is required whenever an action involving a removal that constitutes a *change of placement* for a student with a disability is contemplated.

- 1) Not later than the date on which the decision to take that action is made, the parents shall be notified of that decision and shall be provided the procedural safeguards notice (Louisiana's Educational Rights of Children with Disabilities).
- 2) Immediately, if possible, but in no case later than ten school days after the date on which the decision to take that action is made, a review shall be conducted of the relationship between the student's disability and the behavior subject to the disciplinary action.
- 3) The review shall be conducted by the IEP team and other qualified personnel in a meeting.

- 4) In carrying out the manifestation determination review, the IEP team and other qualified personnel may determine that the behavior of the student was not a manifestation of the student's disability only if the IEP team and other qualified personnel:
 - A) consider, in terms of the behavior subject to disciplinary action, all relevant information, the evaluation and diagnostic results, including the results or other relevant information supplied by the parent of the student; observation of the student; and the student's IEP and placement; and
 - B) determine that:
 - in relationship to the behavior subject to disciplinary action, the student's IEP and placement were appropriate and the special education services, supplementary aids and services, and behavior intervention strategies were provided consistent with the student's IEP and placement;
 - the student's disability did not impair the ability of the student to understand the impact and consequence of the behavior subject to disciplinary action; and
 - The student's disability did not impair the ability of the student to control the behavior subject to disciplinary action.
- 5) If the IEP team and other qualified personnel determine that any of the standards in paragraph 4B of this section were not met, the behavior shall be considered a manifestation of the student's disability.
- 6) If the IEP team and other qualified personnel determine that the behavior is a manifestation of the student's disability, the disciplinary removal cannot occur, unless the removal is in accordance with Bulletin 1706 §519.B.2.(a) and §519.D.
- 7) The manifestation review meeting may be conducted at the same IEP meeting that is convened to conduct the functional behavioral assessment.
- 8) If in the review, the LEA identifies deficiencies in the student's IEP or placement or in their implementation, it shall take immediate steps to remedy those deficiencies.

When the determination is made that the behavior was not a manifestation of the student's disability, prescribed guidelines shall be followed.

- 1) The relevant disciplinary procedures applicable to students without disabilities may be applied to the student in the same manner in which they would be applied to students without disabilities except a FAPE shall be provided as defined in Bulletin 1706 §519.E.
- 2) If the LEA initiates disciplinary procedures applicable to all students, the LEA shall ensure that the special education and disciplinary records of the student with a disability are transmitted for consideration by the person or persons making the final determination regarding the disciplinary action.
- 3) Except as provided in Bulletin 1706 §519.K.1, if a parent requests a hearing to challenge a determination made through the review process that the behavior of the student was not a manifestation of the student's disability, the student's status during due process proceeding shall follow Bulletin 1706 §514.

If the student's parent disagrees with a determination that the student's behavior was not a manifestation of the student's disability or with any decision regarding placement and discipline, the parent may request a hearing. The Department of Education, consistent with §507 and §508.B of Bulletin 1706, shall arrange for an expedited hearing in any case if a hearing is requested by a parent.

- 1) In reviewing a decision with respect to the manifestation determination, the hearing officer shall determine whether the LEA has demonstrated that the student's behavior was not a manifestation of the student's disability consistent with the requirements of Bulletin 1706 §519.H.5.
- 2) In reviewing a decision under §519.B.2 of these regulations to place a student in an interim alternative educational setting, the hearing officer shall apply the standards in §519.D of Bulletin 1706.

The student's placement during appeal shall follow prescribed guidelines.

- 1) If the parents request a hearing regarding a disciplinary action to challenge the interim alternative educational setting or the manifestation determination, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until expiration of the time period provided for in Bulletin 1706 §519.B.2 or §519.D.1.a-d, whichever occurs first, unless the parent and the state or LEA agree otherwise.
- 2) If a student is placed in an interim alternative educational setting pursuant to Bulletin 1706 §519B.2 and §519.D.1.a-d and school personnel propose to change the student's placement after expiration of the interim alternative placement, during the pending of any proceeding to challenge the proposed change in placement, the student shall remain in the current placement (student's placement prior to the interim alternative educational setting), except as provided in section 3 below.
- 3) The LEA may request an expedited due process hearing if school personnel maintain that it is dangerous for the student to be in the current placement (placement prior to removal to the interim alternative education setting) during the pendency of the due process proceedings.
 - A) In determining whether the student may be placed in the alternative educational setting or in another appropriate placement ordered by the hearing officer, the hearing officer shall apply the standards in §519.D.1.a-d of Bulletin 1706
 - B) A placement ordered pursuant to 3.A above may not be longer than 45 days.
 - C) The procedures above may be repeated as necessary.

A student who has not been determined to be eligible for special education and related services under this part and who has engaged in behavior that violated any rule or code of conduct of the LEA, may assert any of the protections provided for in this section if the LEA had knowledge (as determined in accordance with paragraph (2) below) that the student was a student with a disability before the behavior that precipitated the disciplinary action occurred.

- 1) An LEA shall be deemed to have knowledge that a student is a student with a disability if:
 - A) the parent of the student has expressed concern in writing (or orally if the parent does not know how to write or has a disability that prevents a written statement) to personnel of the LEA that the student is in need of special education and related services;
 - B) the behavior or performance of the student demonstrates the need for these services, in accordance with the definition of a student with a disability;
 - C) the parent of the student has requested an evaluation of the student; or
 - D) the teacher of the student or other personnel of the LEA has expressed concern about the behavior or performance of the student to the LEA or to other personnel in accordance with the LEA's established child find or special education referral system.
- 2) An LEA would not be deemed to have knowledge, if as a result of receiving the information specified above, the LEA either:
 - A) conducted an evaluation and determined that the student was not a student with a disability; or
 - B) determined that an evaluation was not necessary and provided notice to the student's parents of its determination.
- 3) Certain conditions apply if there is no basis of knowledge.
 - A) If an LEA does not have knowledge that a student is a student with a disability, prior to taking disciplinary measures against the student, the student may be subjected to the same disciplinary measures as measures applied to students without disabilities who engaged in comparable behaviors.
 - B) If a request is made for an evaluation of a student during the time period in which the student is subjected to disciplinary measures, the evaluation shall be conducted in less than 60 business days without exception or extensions.

- 4) Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities, which can include suspension or expulsion without educational services.
- 5) If the student is determined to be a student with a disability, taking into consideration information from the evaluation conducted by the LEA and information provided by the parents, the LEA shall provide special education and related services in accordance with the provisions of Bulletin 1706.

Expedited due process hearings shall follow the procedures prescribed below.

- 1) The hearing shall meet the requirements of §507.A of Bulletin 1706.
